

Planning for
our people,
our place,
our future

CESSNOCK

Operational Plan

2024–25

Journey Through Time, created by local school students and artist Steven Campbell.

Acknowledgement of Country

Cessnock City Council acknowledges that within its local government area boundaries are the traditional lands of the Wonnarua people, the Awabakal people and the Darkinjung people. We acknowledge these Aboriginal peoples as the traditional custodians of the land on which our offices and operations are located, and pay our respects to Elders past and present. We also acknowledge all other Aboriginal and Torres Strait Islander people who now live within the Cessnock Local Government Area.

VOLUME 1

WELCOME

Mayor's message

Jay Suaal

As we move forward to the Operational Plan for 2024–25, it's a time to reflect on the journey our community has undertaken, marked by continuing significant growth. It is my privilege to represent you as a proud Cessnock local, witnessing this evolution of our wonderful community.

The 2023–24 Operational Plan showcased Council's ability to adapt and deliver services effectively in the face of significant challenges, including flood and fire events. We strive to maintain a delicate balance between new developments vital for our local economy, and preserving the character, services, and infrastructure essential for our existing residents.

This year's Operational Plan pivots more fulsomely toward future-focussed delivery. The plan is not just a roadmap for our initiatives, it also underpins our goal in enhancing the liveability and attractiveness of our LGA. In particular, our renewed commitment to road works and maintenance continues to grow, once again surpassing all previous records for delivery.

Numerous major road projects are underway across the region. Keep an eye on Council's website and social media channels for regular updates on these essential works that contribute to the improved connectivity and accessibility of our community. You'll see a lot of works continuing to roll out as the Plan incorporates a \$79.2 million Capital Works Program for 2024–25.

As we look ahead to the future, I am filled with confidence about the strategic direction of Council. Our plans are full of exciting big-ticket projects, and I am enthusiastic about witnessing Council's continued delivery of quality outcomes for our community.

Our efforts will persist in ensuring that essential facilities and infrastructure are provided, creating an environment where our growing community can truly flourish.

Let's celebrate the remarkable upswing in infrastructure projects on our horizon. Acknowledging the evolving needs of our community, we are committed to amplifying our endeavours in works and essential infrastructure improvements. Join us in shaping a Cessnock that not only thrives but is rich with the energy of enhanced facilities.

General Manager's message

Ken Liddell

Delivering positive outcomes for our community relies heavily on our ability to strategically plan for the future, and I am delighted to present our 2024-25 Operational Plan. This comprehensive roadmap outlines our strategic priorities, initiatives and projects that aim to address the ever-evolving needs of our growing population.

Following a record spend on capital works last financial year, our 2024-25 Capital Works Program plans to surpass this with an impressive \$79.2 million investment in community infrastructure.

We've heard loud and clear from our community that roads need to remain a top priority, and I am pleased to share that there will be a \$35 million investment in the maintenance and renewal of local and regional roads across the region. This incorporates a major upgrade to Wollombi Road, work on Sawyers Gully Road, and a \$5 million overhaul of Great North Road.

We will also continue our goal to keep our communities connected by creating more cycleways and shared pathways across Cessnock City. Council has committed \$5.8 million to this endeavour which will see the completion of the Branxton to Greta Shared Pathway, \$2 million invested in a shared pathway at Testers Hollow, and a shared pathway created to connect Cessnock to Abermain.

Our community facilities across the region offer spaces for residents to come together to learn, play and connect. Netball will receive a boost with works kicking off on the \$7.3 million Kurri Kurri Netball Facility, along with a \$1.6 million upgrade to the netball playing surface in Cessnock. There will also be \$2.1 million invested in the Cessnock Regional Skate Park, and Kurri Kurri Sportsground, along with the Weston Bears facilities will also see money invested in an upgrade.

Council remains dedicated to finding opportunities for economic development. By supporting local businesses, attracting new investments and nurturing entrepreneurship, we aim to stimulate growth and unlock new opportunities for our local government area. This Operational Plan demonstrates that we are here to serve the community through the enormous range of services we deliver, from day-to-day operations, through to large scale projects. We look forward to delivering on our commitments set out in this plan, as we continue to progress the long-term priorities set out in the Community Strategic Plan, [Cessnock 2036](#)

The Cessnock Local Government Area

CESSNOCK

*Attractive,
thriving &
welcoming*

Cessnock City is located in the Hunter Valley, New South Wales, about 120 kilometres north of Sydney, 58 kilometres south west of Newcastle Airport and approximately 40 kilometres west of The University of Newcastle and the Port of Newcastle.

The Cessnock Local Government Area is located on the traditional lands of the Wonnarua people, the Awabakal people and the Darkinjung people. The Area has a rich Indigenous heritage with many towns, villages, and localities bearing Aboriginal names including Kurri Kurri (meaning "the beginning" or "the first") and Wollombi ("meeting place" or "meeting of the waters").

The area's local biodiversity is significant, both in the Hunter Valley and NSW, with more than 65 threatened species of plants and animals, including nine endangered ecological communities. Critically endangered species, including the Regent Honeyeater and Swift Parrot use our local bushland for food and shelter.

The Regent Honeyeater is also known to breed here. Also listed as critically endangered, the North Rothbury Persoonia (*persoonia pauciflora*), is only found in a small area in North Rothbury.

European settlement dates from the 1820s when pastoralists arrived using land mainly for farming, market gardening and timber getting. The Great North Road was constructed in the 1830s, linking the Hawkesbury and Hunter Valleys. The township of Cessnock developed from 1850 as a service centre at the junction of the Great North Road.

Significant development in Cessnock occurred when coal was struck in 1892 and several coal mines were established. Changes to the mining industry led to the closure of the vast majority of mines, resulting in a decline in population in many villages and townships, especially since the 1980s. Many areas have undergone a change in character, with rural residential housing developments becoming popular.

There has been a rise in the wine and tourism industry, with many vineyards at Allandale, Mount View, Pokolbin and Rothbury, as well as small cottages and farms used mainly as weekend retreats.

OUR COMMUNITY VISION

CESSNOCK IS A COHESIVE AND WELCOMING COMMUNITY
LIVING IN AN ATTRACTIVE AND SUSTAINABLE RURAL ENVIRONMENT.

THERE IS A DIVERSITY OF BUSINESS AND EMPLOYMENT
OPPORTUNITIES SUPPORTED BY ACCESSIBLE INFRASTRUCTURE
AND LAND SERVICES WHICH EFFECTIVELY MEET COMMUNITY NEEDS.

Our commitment to the environment

Since the 1970's the Hunter Region has experienced a changing climate with the average annual maximum temperature increasing. The highest level of influence Council can have, is to directly implement actions to reduce the environmental impacts of our operations.

In 2020 Council adopted a **Climate Change Policy** that outlines a commitment to net zero emissions by 2050, and commits to both mitigation and adaptation measures for Council operations and our community. Council is committed to facilitating community greenhouse emissions reduction and sustainable actions through the provision of factual educational material, and supporting advice to our community and business sector.

The Cessnock Local Government Area is biologically diverse and supports a range of ecosystems, ecological communities and vegetation types including dry rainforest in the Mount View and Bow Wow area which supports in excess of 420 bird species, many of which are threatened. Botanists have also counted 29 species of Eucalypt near Kurri Kurri.

In balancing development management with the adequate protection of biodiversity, Council has implemented several mechanisms tailored to ensure the outcomes are sustainable for the future viability of both. Our **Biodiversity Strategy** seeks to find a balance between the competing demands on the resources available in our area, to ensure that future generations can experience the benefits of a biodiverse environment.

People & Culture
Manager

At Cessnock City Council, our success is built by our people and core values. Our values reflect who we are as individuals and as an organisation. We are committed to retaining and supporting our staff, and recruiting new employees who align with our values. Our desired workplace culture is one in which our employees feel valued within a supportive environment, and are empowered to develop and grow with a focus on delivery and achievement.

We are committed to supporting the expansion of opportunities to employ apprentices, trainees and graduates, and focused on supporting and creating secure local employment opportunities in our LGA.

We strive to have diversity in our workforce and an inclusive and flexible work environment where our employees' differences are celebrated and valued.

Council continues to work towards zero harm within our workplace by providing a healthy and safe work environment for our employees.

Integrated Planning and Reporting

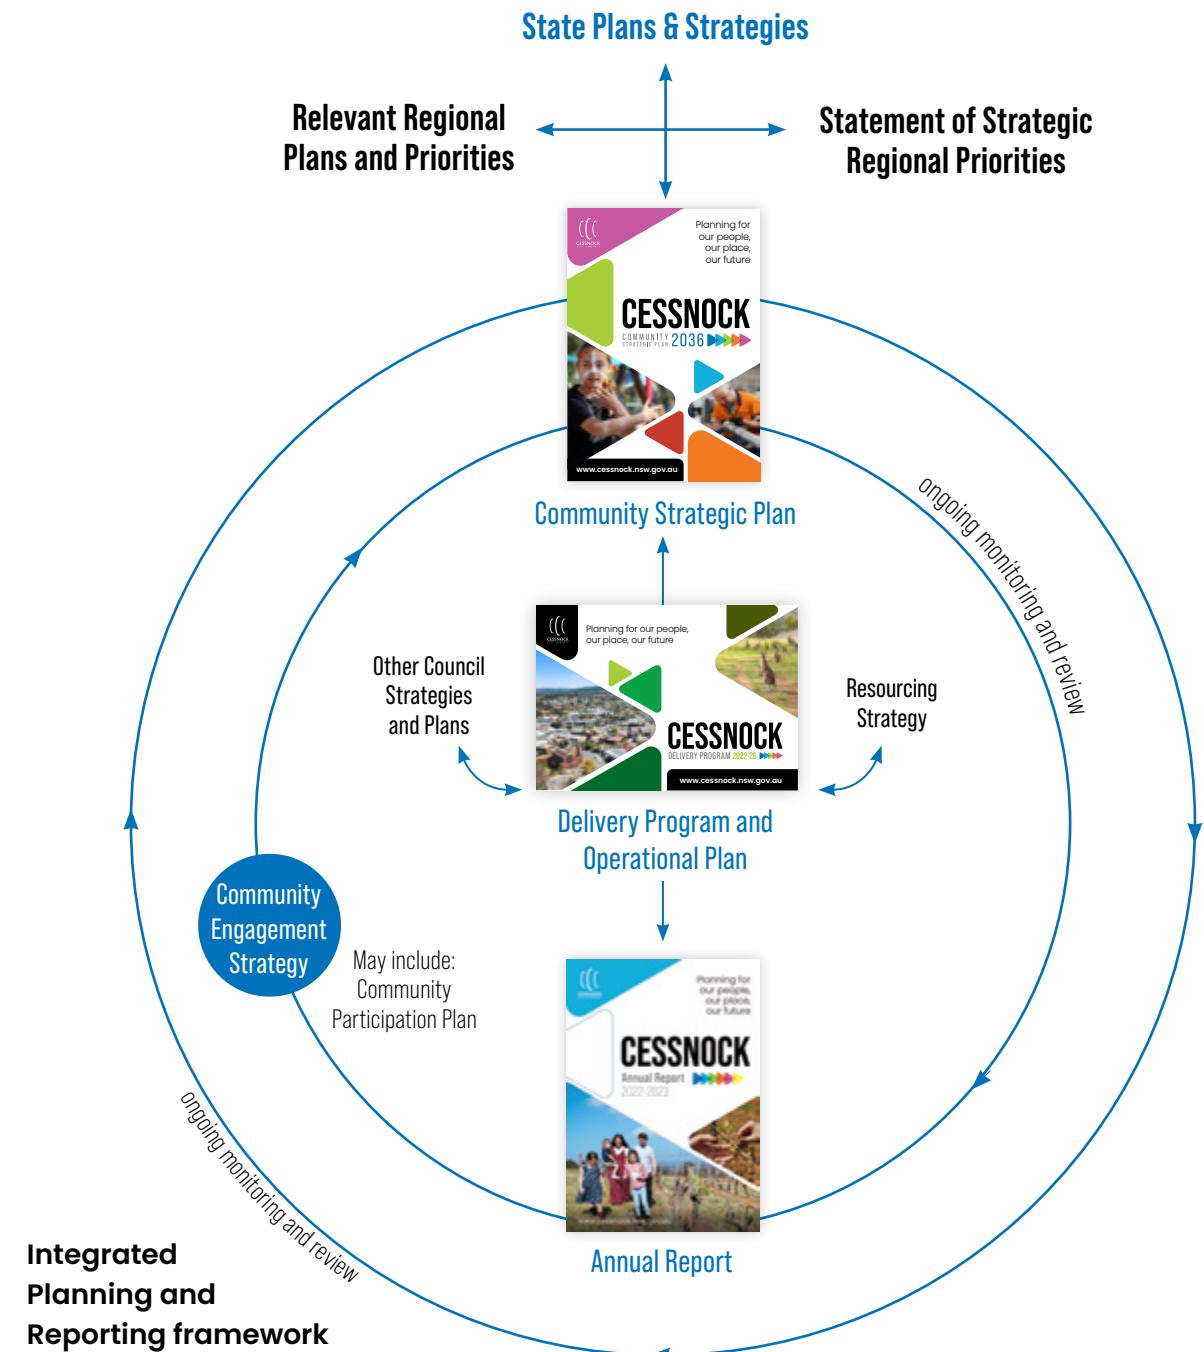

The Integrated Planning and Reporting (IP&R) Framework promotes integration with community-based objectives, informed by state-level plans and cascading down through to implementation across Council.

Community Strategic Plan

The Community Strategic Plan, **Cessnock 2036**, is the highest-level plan that a council will prepare. Its purpose is to identify the community's main priorities and aspirations for the future, and plan strategies for achieving these goals. It guides all strategies and plans and must be developed by councils with, and on behalf of the community.

Delivery Program

The **Cessnock Delivery Program 2022–26** translates the community's strategic directions, established by the Community Strategic Plan, into actions within the resources available under the resourcing strategy. It is a statement of council's commitment to the community, and is the single point of reference for all principal activities undertaken by the elected council during its term of office. All plans, projects, activities and funding allocations must be directly linked to this program.

Community Consultation

Community consultation is an important part of the integrated planning and reporting framework and is fundamental to Council's operations, as it assists and guides decision-making through the collection of perspectives and ideas from the Community and key stakeholders potentially affected by our decisions. Whilst the outcomes are not necessarily about gaining universal support for projects or making decisions, community consultation provides a fair and transparent process to provide a more comprehensive understanding of the drivers of projects and programs and their relevance for individuals, the Community and key stakeholders within the Cessnock Local Government Area.

Community Engagement Strategy and Community Participation Plan

The **Community Engagement Strategy** outlines Council's commitment to community engagement and sets a strategic direction that aims to increase opportunities for genuine participation. Council is responsible for decisions that have both intended and sometimes unforeseen impacts on our Community. The Strategy supports undertaking effective community engagement and being more responsive to our community, so we can deliver strategies, services, projects and programs that help achieve our community's aspirations for the Cessnock Local Government Area.

The **Community Participation Plan** that sets out how and when we will engage the community across our planning functions under the *Environmental Planning and Assessment Act 1979*, including all mandatory requirements.

In addition, Council undertakes biennial community research with a representative sample of 400 residents to monitor perceptions of the progress against the Desired Outcomes in our Community Strategic Plan, **Cessnock 2036**, and satisfaction with the services offered by Council. Community consultation for the next community strategic plan was recently undertaken throughout February and March 2023.

Council has also consulted with the community to determine what is meant by a "satisfactory standard" with regards to the condition of infrastructure assets. The community has determined that, at this stage of Council's asset management maturity, Council should aim for all assets to be in an "average" condition.

Resourcing Strategy

Demonstrates how work identified in the delivery program and operational plan will be resourced. It must include provisions for long-term financial planning, workforce management planning and asset management planning.

Annual Report

This is a requirement under **s428** of the *Local Government Act 1993 (NSW)*. It outlines council's achievements in implementing the delivery program through the year's operational plan, and report on the effectiveness of the principal activities undertaken to achieve the objectives in that year. The report must contain the council's audited financial statements and notes and any information or material required by the Regulation or the Guidelines.

How we will deliver for our community

About this Plan

The **Cessnock Operational Plan 2024–25** is a one-year plan developed to implement the operational activities that will achieve the long-term strategic directions set out in the **Cessnock Delivery Program 2022–26** and the Outcomes developed by the Community in the Community Strategic Plan, **Cessnock 2036**.

Every unit within the organisation has a plan and, in turn, every individual has a work program which all contribute to achieving the **Cessnock Delivery Program 2022–26** and ultimately the Desired Outcomes of the Community Strategic Plan, **Cessnock 2036**.

Service Delivery

In 2022 the Office of Local Government introduced continuous improvement as a requirement of the IPR framework which focusses on ways to better meet the community's expectations around priorities and service levels.

We are committed to introduce a Service Delivery Framework to ensure our services are Appropriate, Effective, Efficient and are to a standard guided by our community.

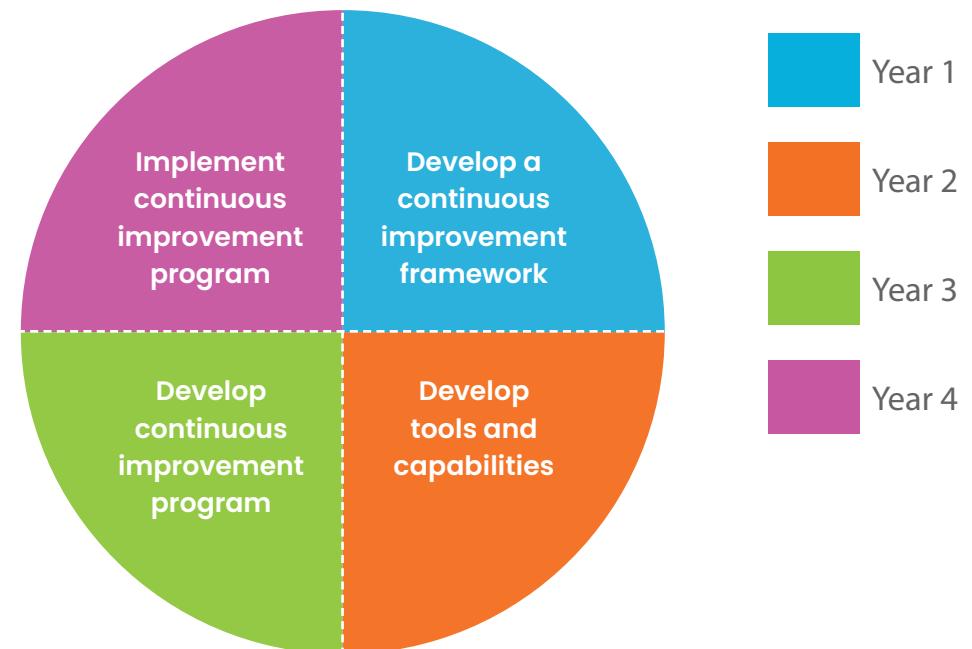

Figure 1: Service Delivery Framework

How we will achieve our priorities

Where does our money come from

Income from rates and annual charges contributed \$70 million or 55% of total revenue. Federal and State Government grants and contributions assist us to provide facilities and services in the community. This year we forecast to receive \$43 million or 33% of grant and contributions (including capital and operational). Figure 2 below summarises funding sources.

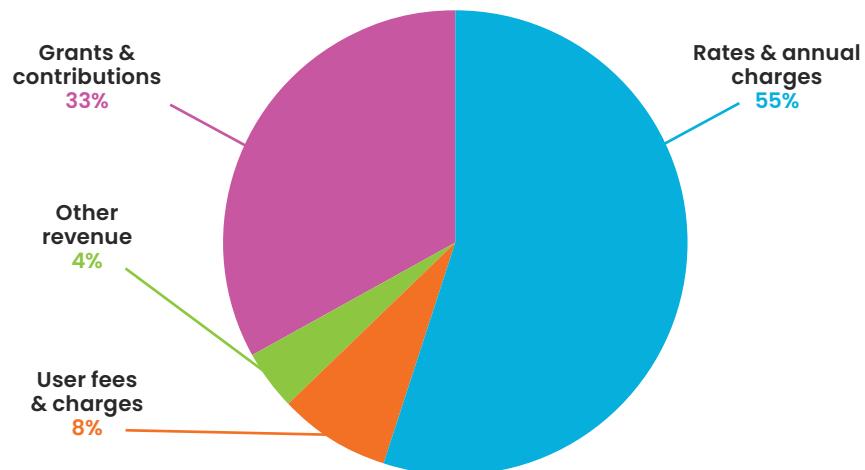

Figure 2: Income streams

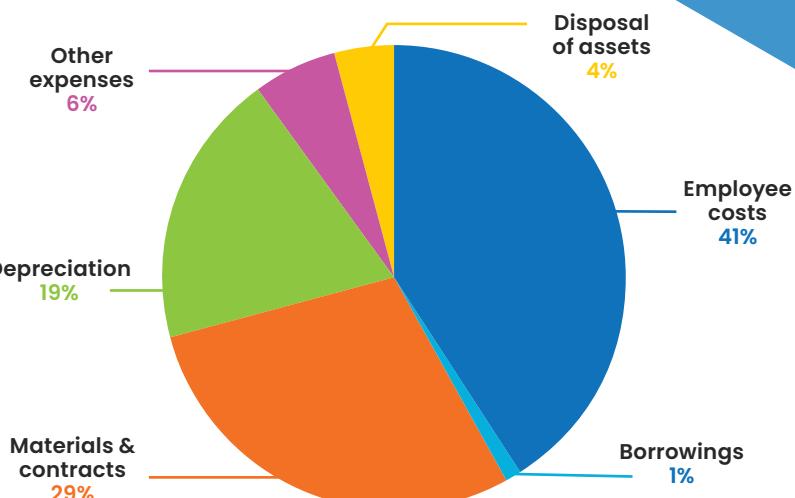

Figure 3: Expenditure by category

Where does our money go

Our total operating expenditure of \$112 million contributed towards our services to the community such as community and cultural facilities including libraries, community centres, road maintenance, waste management, parks, recreation, sporting, and our pools. Figure 3 above categorises expenditure.

Our key projects

Wollombi Road Project - Allandale Rd to Abbotsford St

Branxton to Greta Cycleway

Cessnock CBD Civic Centre - Library shared zone: Stage 2

New Waste Landfill Development

Cessnock Regional Skatepark

Customer Experience Strategy

Local Roads Reseal program

Kurri Kurri Netball Facility upgrade

Kurri Curry Festival

State and Region Plans informing local plans and outcomes

5 Desired Outcomes

The community has identified five desired outcomes in the **Community Strategic Plan, Cessnock 2036**:

1 A connected, safe and creative community

2 A sustainable and prosperous economy

3 A sustainable and healthy environment

4 Accessible infrastructure, services and facilities

5 Civic leadership and effective governance

SECTION 2

OPERATIONAL PLAN

2024-25

Navigating this section

Outcomes

These are the community's long-term priorities and aspirations for the city, as set out in the [Community Strategic Plan](#). They contribute to achieving the city vision. Council has a custodial role in working towards realising these objectives; however, it is not wholly responsible for achieving them. Other partners, such as state agencies and community groups, have an important role to play in achieving these outcomes.

Objectives

Our objectives guide us to achieve our outcomes over the four-year period of our delivery program.

Strategies

Align strategic directions to core functions and sustainability and achieving long-term objectives.

Actions

Our actions are the activities and projects we commit to undertake each year, through delivery of our operational plan, to achieve our strategies and deliver our objectives.

Service Measures

Suitable measures are identified to determine the effectiveness of the projects, programs and actions undertaken with progress generally being measured in terms of outputs. These measures support the delivery program using a combination of indicators, targets and measures at the operational level.

Success Indicators

Suitable targets are identified to determine the effectiveness of the projects, programs and actions undertaken with progress generally being measured in terms of outcomes. These targets support the delivery program using a combination of indicators, targets and measures at the operational level.

A connected, safe & creative community

- 1.1 Promoting social connections and wellbeing
- 1.2 Strengthening community culture
- 1.3 Promoting safe communities
- 1.4 Fostering an articulate and creative community

Community's desired outcome

1 A connected, safe & creative community

This desired outcome relates to community wellbeing, connectedness and safety.

Community engagement participants continue to express the desire for a healthy, active, engaged, and cohesive community that maintains its unique local identity and friendliness into the future.

Council will undertake the following services to achieve the objectives established in the Community Strategic Plan, Cessnock 2036:

- | | | | |
|--------------------------------------|----------------------------|--------------------------------------|-------------------------------|
| • Building Assessment and Regulation | • Economic Development | • Performing arts centre and gallery | • Traffic Management |
| • Building Maintenance | • Environmental Health | • Recreation Facility Maintenance | • Strategic Land Use Planning |
| • Cemetery Maintenance | • Environmental Services | • Recreation Facility Management | |
| • Cultural Development | • Executive Support | | |
| • Compliance | • Library Services | | |
| | • Media and Communications | | |

Objective 1.1

Promoting social connections and wellbeing

Strategic direction

- We are connected to others in our neighbourhood and across the Local Government Area
- Our community has opportunities to celebrate together
- Our community has high levels of wellbeing
- Our community has access to diverse and affordable housing
- We work together to achieve inclusivity and reconciliation

Objective 1.2

Strengthening community culture

Strategic direction

- Our community is aware of and has access to community services and facilities
- Our residents show pride in the Local Government Area
- Our community organisations have opportunities to work together to develop and deliver services
- We have multi-purpose sporting and recreation facilities that meet the needs of a growing population

Objective 1.3

Promoting safe communities

Strategic direction

- Our residents and visitors feel safe in the Cessnock Local Government Area
- Our CBD areas are safe at night
- Our roads are safe for motorists and pedestrians

Objective 1.4

Fostering an articulate and creative community

Strategic direction

- We have thriving cultural precincts throughout the Local Government Area that celebrate our heritage and culture
- We have a diverse program of cultural and heritage activities
- We have access to quality education and lifelong learning opportunities

Objective 1.1 Promoting social connections and wellbeing

Strategic direction

- We are connected to others in our neighbourhood and across the Local Government Area
- Our community has opportunities to celebrate together
- Our community has high levels of wellbeing
- Our community has access to diverse and affordable housing
- We work together to achieve inclusivity and reconciliation

1.1.1 Engage with the community in reconciliation activities				
Action Code	Operation Plan Action	Service Measure	Success Indicator	Service Area
1.1.1.a	Engage with the community in reconciliation initiatives and in implementing the Aboriginal and Torres Strait Islander Community Action Plan.	National Reconciliation Week and National NAIDOC Week Event proposals are consulted with the Aboriginal and Torres Strait Islander Committee. Implement the 2024–2025 actions listed in the Aboriginal and Torres Strait Islander Community Action Plan.	Organise an event to recognise National Reconciliation Week Coordinate and promote a community program of events for National NAIDOC Week by 30 June 2025	Community & Cultural Development

1.1.2 Develop and deliver programs to engage young people				
Action Code	Operational Plan Action	Service Measure	Success indicator	Service Area
1.1.2.a	<p>Deliver inclusive programming for Council's Cessnock Youth Centre and Outreach Service (CYCOS) that engages and encourages young people to participate in a diverse range of social, recreational and educational activities and aligns with the Cessnock City Council Youth Engagement Strategy.</p>	Explore the implementation of externally facilitated programs and activities including creative arts, pop culture and music.	by 30 June 2025	Community & Cultural Development
		Plan, participate or contribute to at least 2 community events that engage young people living in rural areas across the Cessnock Local Government Area.	by 30 June 2025	
		Use the engagement findings of the Youth Engagement Strategy to inform recreational CYCOS activities including the expansion and implementation of programming that encourages physical activity, participation in sport and the use of indoor and outdoor sporting venues.	by 30 June 2025	
1.1.2.b	<p>Deliver inclusive programming strategy through Cessnock Youth Centre and Outreach Service (CYCOS) that engages Aboriginal and/or Torres Strait Islander young people, their families and community groups to participate in a diverse range of social, recreational and educational activities.</p>	Provide opportunities for Aboriginal and/or Torres Strait Islander young people to provide feedback and have their voice heard during programming, on Cessnock Youth Centre and Outreach Service (CYCOS) social media pages, through surveys and when developing CYCOS programs.	by 30 June 2025	Community & Cultural Development
		Promote and deliver an information, referral and recreation service for Aboriginal and/or Torres Strait Islander young people.	by 30 June 2025	

1.1.2 Develop and deliver programs to engage young people				
Action Code	Operational Plan Action	Service Measure	Success indicator	Service Area
1.1.2.c	Continue working in partnership with external organisations to implement youth-based wellbeing programs that promote and encourage wellbeing, school attendance and address alcohol consumption and illicit drug use.	<p>Participate in the delivery of at least three (3) year-6 school-based programs with a focus on improving outcomes and building capacity for young people to seek support when transitioning to high school.</p> <p>Deliver 3 school-based programs that encourage health and wellbeing.</p>	<p>by 30 June 2025</p> <p>by 30 June 2025</p>	Community & Cultural Development
1.1.2.d	Develop a 2025 Youth Week program that is inclusive, engaging and celebrates young people.	Activities are aligned to the 5 ways to wellbeing. Youth Week program is promoted to schools and community through the use of paper flyers, social media promotions and Council's website.	Promotion to occur at least 1 month prior to the first event.	Community & Cultural Development
1.1.2.e	Promote and deliver diverse and inclusive activities including during school holidays engaging with children, young people and families across the Cessnock Local Government Area.	<p>Collaborate and cross-promote with other Council services to deliver an engaging school holiday program and includes activities at PACC, Cessnock City Library and Cessnock Youth Centre and Outreach Service.</p> <p>Include a minimum of 3 works for young people and families within the Performance Arts Culture Cessnock (PACC) theatre season and exhibition program.</p> <p>Seek increased funding opportunities to assist in the delivery of school holiday programs.</p>	<p>by 30 June 2025</p> <p>by 30 June 2025</p> <p>by 30 June 2025</p>	Community & Cultural Development

1.1.2 Develop and deliver programs to engage young people				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
1.1.2.f	Further promote the positive image and value of young people and strengthen the presence of Cessnock Youth Centre & Outreach Service (CYCOS) within the community.	<p>Provide awareness of youth engagement opportunities and share the achievements, interests and skills of young people living, working or studying in the local community.</p> <p>Support the running of the Youth Ambassador reference group who work together to reflect the voices of young people across the wider community and help guide CYCOS planning and decision making.</p>	<p>At least one (1) weekly post on social media.</p> <p>by 30 June 2025</p>	Community & Cultural Development

1.1.3 Continue implementation of the Disability Inclusion Action Plan				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
1.1.3.a	Actively pursue continuous improvement opportunities building an organisation which has a focus on inclusion and accessibility.	<p>Investigate access improvements at the Marthaville Arts and Cultural Centre site, including preparation of a concept design for access improvements to the outdoor toilet amenities.</p> <p>Undertake a review of the 2021-2025 Disability Inclusion Action Plan. Develop the next Disability Inclusion Action Plan (2025-2029).</p>	<p>by 30 June 2025</p> <p>by 30 June 2025</p>	Community & Cultural Development

1.1.4 Develop and deliver a program of community and civic events				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
1.1.4.a	Coordinate and promote a community program of activities for the 2024 Cessnock City Seniors Festival.	Continue to build relationships with stakeholder groups to encourage engagement in Seniors Festival. Increase community awareness of and participation in Seniors Festival. Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
2.3.2.a	Provide quality visitor services to Level 1 Accreditation standards for 364 days a year.	Level 1 accreditation maintained.	by 30 June 2025	Economic Development

A sustainable and healthy environment

- 3.1 Protecting and enhancing the natural environment and the rural character of the area
- 3.2 Better utilisation of existing open space
- 3.3 Better resource recovery and waste management

Community's desired outcome

3 A sustainable and healthy environment

This desired outcome focusses on the conservation and preservation of the natural environment whilst balancing development and acting on climate change.

It supports our aspiration to achieve a sustainable, resilient, and healthy community and environment.

Council will undertake the following services to achieve the objectives established in the Community Strategic Plan, Cessnock 2036:

- Compliance
- Environmental Health
- Environmental Services
- Open Space Management
- Strategic Environmental Planning
- Roads & Drainage Construction
- Strategic Land Use Planning
- Strategic Asset Planning
- Waste Services

Objective 3.1

Protecting and enhancing the natural environment and the rural character of the area

Strategic direction

- We act on climate change and build disaster resilience
- Our area's rural character and heritage is protected
- Our environmental amenity is protected and enhanced
- Our waterways and catchments are maintained and enhanced
- We act to protect our unique biodiversity and natural resources

Objective 3.2

Better utilisation of existing open space

Strategic direction

- Our open spaces are distributed where people live
- We have green corridors connecting our open space areas
- Our open spaces have suitable facilities, infrastructure, and plenty of shade

Objective 3.3

Better resource recovery and waste management

Strategic direction

- We divert more of our waste for recycling or re-processing
- We promote waste avoidance
- We create value from waste

Objective 3.1 Protecting and enhancing the natural environment and the rural character of the area

Strategic direction

- We act on climate change and build disaster resilience
- Our area's rural character and heritage is protected
- Our environmental amenity is protected and enhanced
- Our waterways and catchments are maintained and enhanced
- We act to protect our unique biodiversity and natural resources

3.1.1 Finalise Cessnock City Planning Strategy and commence implementation				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.1.1.a	Finalise the planning for the Nulkaba Urban Investigation Area.	Prepare a report for Council to seek adoption of the Nulkaba Structure Plan.	Report to Council by 31 December 2024	Strategic Planning
3.1.1.b	Continue review of Cessnock LEP 2011.	Finalise the options paper and Planning Proposal for the Residential theme of the CLEP Review.	Report to Council by 30 June 2025	Strategic Planning
3.1.1.c	Continue review of the Cessnock DCP 2010 chapters.	Finalise Chapters linked to the review of the residential theme of the CLEP Residential Theme review.	Report to Council by 30 June 2025	Strategic Planning

Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.2.3.a	Design and construction drawings are developed for a new amenity building at Weston Bears Park.	Designs are complete.	by 31 December 2024	Open Space & Community Facilities

3.2.4 Provide and maintain recreation facilities, streetscapes and public open space				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.2.4.a	Asset Management Plans are updated.	Asset management plan to be endorsed.	by 30 June 2025	Asset Planning

Objective 3.3 Better resource recovery and waste management

Strategic direction

- We divert more of our waste for recycling or re-processing
- We promote waste avoidance
- We create value from waste

3.3.2 Continue landfill extension project				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.3.2.a	Administration of the Cessnock Waste Management Centre Biodiversity Offset Area in accordance with adopted plan.	Review actions within the Biodiversity Offset Management Plan to maintain relevance with aims and objectives of the plan.	by 30 June 2025	Waste & Environment
		Continue implementation of endorsed actions outlined within the Biodiversity Offset Management Plan.	by 30 June 2025	
3.3.2.b	As part of the new landfill extension project, implement materials sourcing and reuse strategies to benefit operational business needs.	Segregate excavated materials from new landfill extension works to allow reuse for operational needs and remediation of the current landfill cell.	Decrease in volumes of imported materials being brought onto the site to meet operational needs in comparison to 2023-2024	Waste & Environment

3.3.3 Continue implementation of projects from the Waste and Resource Recovery Strategy 2020–25				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.3.3.a	Continue to operate the Community Recycling Centre in collaboration with the NSW EPA in accordance with operational deed of agreement.	Review current community mattress drop-off days in line with recycling voucher scheme.	by 30 June 2025	Waste & Environment
		Work with the EPA to deliver on annual household chemical cleanout event.	by 30 June 2025	
		Continue to implement initiatives designed to remove sharps from the waste stream.	by 30 June 2025	
		Monitor potential emerging waste streams and investigate options for management.	by 30 June 2025	
3.3.3.b	Develop policies and procedures to increase the efficiency of waste services.	Continue to review and implement operational improvements across all waste services.	by 30 June 2025	Waste & Environment
		Develop a procedure for the classification of excavated materials to guide options for disposal, charges and reuse.	by 30 June 2025	
3.3.3.c	Commence development of 2026–31 Waste and Resource Recovery Strategy.	Review current service levels for domestic waste service. Undertake kerbside bin audits to ascertain kerbside collection waste composition.	by 30 June 2025	Waste & Environment

3.3.4 Continue to provide an efficient and effective Waste Management Service				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.3.4.a	Continue to implement community focussed waste avoidance and reuse initiatives.	Hold six (6) community education and awareness events.	by 30 June 2025	Environment & Waste Services
3.3.4.b	Continue to work collaboratively with regional partners in relation to contract services for organics (green waste) kerbside collection.	Undertake a kerbside bin audit in 2025 to ascertain pre-FOGO kerbside collection waste composition. In collaboration with member councils, continue to prepare for and commence Food Organic / Garden Organics (FOGO) kerbside collection.	by 30 June 2025 by 30 June 2025	Environment & Waste Services
3.3.4.c	Continue to work collaboratively with regional partners in relation to contract services for recycling kerbside collection.	Continue to implement the current contracted recycling kerbside collection service.	until 30 June 2025 by 30 June 2025	Environment & Waste Services
3.3.4.d	Operate the Cessnock Waste Management Centre in accordance with the Environment Protection License and relevant legislation and to encourage resource recovery.	Actively monitor and record environmental and pollution control parameters in accordance with EPL requirements. Maintain pollution preventative works and strategies. Monitor and implement waste management and disposal practices to ensure compliance with the Environment Protection Licence (EPL).	by 30 June 2025 by 30 June 2025 by 30 June 2025	Environment & Waste Services

3.3.5 Continue to implement programs that reduce littering and illegal dumping				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
3.3.5.a	Facilitate community focused litter reduction and awareness programs and events.	<p>In partnership with internal stakeholders, review accessibility and suitability of public waste bins.</p> <p>Facilitate litter reduction and clean-up community initiatives and events such as Adopt a Road program and Clean Up Australia Day.</p>	<p>by 30 June 2025</p> <p>by 30 June 2025</p>	Compliance Services

Accessible infrastructure, services and facilities

- 4.1 Better transport links
- 4.2 Improving road network
- 4.3 Improving access to health services locally

Community's desired outcome

4 Accessible infrastructure, services and facilities

This desired outcome identifies the local, state, and federal infrastructure, services and facilities needed to serve the current and future community of Cessnock whilst ensuring there is adequate access to these facilities and services. Accessible infrastructure, services and facilities.

Council will undertake the following services to achieve the objectives established in the Community Strategic Plan, Cessnock 2036:

- Building maintenance
- Cessnock Airport
- Community Development
- Delivery of Capital Works Program
- Plant and Fleet Management
- Procurement and Stores
- Recreation Facility Management
- Roads Administration and Approvals
- Roads and Drainage Construction
- Roads and Drainage Maintenance
- Strategic Land Use Planning
- Strategic Asset Planning

Objective 4.1

Better transport links

Strategic direction

- We have access to a range of public and community transport
- Our communities are linked by walking and bike tracks
- Our Airport acts as a key transport, emergency response and business hub
- Our transport network is integrated and supported by appropriate infrastructure

Objective 4.2

Improving road network

Strategic direction

- We have an acceptable, safe and affordable road network
- We have managed the traffic impact of the Hunter Expressway on local communities
- We have well managed traffic conditions across our suburbs

Objective 4.3

Improved access to health services locally

Strategic direction

- We have better availability of and access to hospitals and health services in the Local Government Area
- We have better availability of and access to general practitioners and dental services in the Local Government Area
- We have regional standard health services, facilities, and health professionals

Objective 4.1 Better transport links

Strategic direction

- We have access to a range of public and community transport
- Our communities are linked by walking and bike tracks
- Our Airport acts as a key transport, emergency response and business hub
- Our transport network is integrated and supported by appropriate infrastructure

4.1.1 Advocate for increased funding for road and community transport and associated infrastructure				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.1.1.a	Prepare applications for grant funding to improve commuter transport links identified in the 2023 Traffic and Transport Strategy.	Complete minimum one (1) grant funding application as opportunity becomes available.	by 30 June 2025	Infrastructure

4.1.1.b	Continue upgrade of Public Transport stops to ensure DDA compliance and apply for available funding in accordance with grant funding guidelines and timeframes.	Complete annual grant funding application and confirm number of locations included in application.	On award confirm number of locations funded.	Infrastructure
---------	---	--	--	----------------

4.1.2 Continue implementation of the Traffic and Transport Strategy				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.1.2.a	Seek funding opportunities for the high priority upgrade of Key Strategic Links as per the Cessnock LGA Traffic & Transport Strategy.	Submit grant applications to investigate and progress development of key projects identified in the preferred road network - 2031.	by 30 June 2025	Infrastructure

4.1.3	Continue implementation of the Pedestrian Access and Mobility Plan			
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.1.3.a	Implement the pathway project from the Pedestrian Access and Mobility Plan.	Complete minimum one (1) active transport grant funding application as opportunity becomes available.	by 30 June 2025	Infrastructure
4.1.4	Continue implementation of the Trails Strategy			
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.1.4.a	Implement the Trails Strategy via meetings of the Trails Reference Group.	Trails Reference Group Meetings are held.	A minimum of 2 reference group meetings are held by 30 June 2025.	Open Space & Community Facilities
4.1.5	Contribute to investigations and planning for the Richmond Vale Rail Trail			
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.1.5.a	Collaborate with HJO and TfNSW for the implementation of the Richmond Vale Trail where resources permit.	Establish a working group with HJO to identify future targets and milestones.	by 30 June 2025	Infrastructure

Objective 4.2 Improving the road network

Strategic direction

- We have an acceptable, safe and affordable road network
- We have managed the traffic impact of the Hunter Expressway on local communities
- We have well managed traffic conditions across our suburbs

4.2.1 Develop prioritised capital works programs in line with adopted asset management plans				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.2.1.a	Develop and deliver prioritised Capital Works Programs in line with adopted Asset Management Plans.	70% of high priority works incorporated in the Delivery Program.	by 30 June 2025	Asset Planning
4.2.1.b	Develop guidelines for the opening of roads.		by 30 June 2025	Asset Planning

4.2.2 Deliver prioritised on ground capital works and maintenance programs				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
4.2.2.a	Continue implementation of the Plant and Fleet Management review to ensure efficient and effective use of resource.	Develop a Plant and Fleet Asset Management Plan and undertake a review unit rate costs for all items of plant.	by 30 June 2025	Works & Operations

Civic leadership and effective governance

- 5.1 Fostering & supporting community leadership
- 5.2 Encouraging more community participation in decision making
- 5.3 Making Council more responsive to the community

Community's desired outcome

5 Civic leadership and effective governance

This desired outcome focusses on the need for strong civic leadership and effective governance with an engaged community actively participating in decision making processes affecting their future

Council will undertake the following services to achieve the objectives established in the Community Strategic Plan, [Cessnock 2036](#):

- Accounts payable
- Accounts receivable
- Administration
- Corporate Planning projects
- Customer Service
- Development Assessment
- Enterprise Risk Management
- Executive Support
- Financial Accounting
- Geographic Information Systems
- Governance
- People & Culture
- Information Technology
- Insurance Management
- Integrated Planning and Reporting
- Internal Audit
- Internal Business Support
- Legal Services
- Management Accounting
- Media and Communications
- Payroll
- Property Administration
- Rates Management
- Records Management
- Strategic Property Management

Objective 5.1

Fostering & supporting community leadership

Strategic direction

- We have well-trained and qualified leaders in our community and in our workforce
- Our young people aspire to become leaders
- Our Council is committed to implementing our community's vision

Objective 5.2

Encouraging more community participation in decision making

Strategic direction

- We are informed about our community
- We are involved in decisions affecting our community
- We have effective relationships across different levels of government

Objective 5.3

Ensuring Council is accountable and responsive to the community

Strategic direction

- Our Council is customer focussed
- Our Council's processes are efficient and transparent
- Our Council is financially sustainable

Objective 5.1 Fostering & supporting community leadership

Strategic direction

- We have well-trained and qualified leaders in our community and in our workforce
- Our young people aspire to become leaders
- Our Council is committed to implementing our community's vision

5.1.1 Provide professional development opportunities for Councillors				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.1.1.a	Develop an updated Councillor Induction Program and training program outlining compulsory minimum training requirements. Induction of new Councillors to be completed by January 2025.	Induction program delivered following 2024 election. Candidate briefing sessions are delivered.	Completed by January 2025 Completed prior to September 2024 Election.	Finance & Administration

Objective 5.2 Encouraging more community participation in decision making

Strategic direction

- We are informed about our community
- We are involved in decisions affecting our community
- We have effective relationships across different levels of government

5.2.1 Continue implementation of the projects from the Communications and Engagement Strategy				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.2.1.a	Increase opportunities for community engagement by providing accessible information on a variety of platforms for audiences with diverse needs and preferences.	Increase site visits to 'Have your say' website.	10% increase year on year by 30 June 2025	Media & Communications
		Increase visibility of Council through face to face engagement sessions across the LGA.	Hold minimum 20 Face to Face engagement sessions across the LGA by 30 June 2025	
		Increase registrations to 'Have your say' website.	20% increase by 30 June 2025	
5.2.1.b	Prepare and adopt an updated Community Engagement Strategy for 2025-29.	Complete draft Community Engagement Strategy.	by 31 December 2024	Media & Communications
		Engage with internal and external stakeholders in the development of draft Community Engagement Strategy and seek feedback.	Engagement both prior to, and following development of Draft.	
		Prepare report for draft Community Engagement Strategy to Council for adoption.	by 31 March 2025	

5.2.1 Continue implementation of the projects from the Communications and Engagement Strategy				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.2.1.c	Research and trial opportunities to increase youth participation in community engagement on Council projects, plans and strategies.	Complete research of methods used by other Councils and similar organisations.	by 30 November 2024	Media & Communications
		Plan opportunities to trial identified methods to increase youth participation.	by 28 February 2025	
5.2.2 Actively participate in and collaborate with the Hunter Joint Organisation to promote the interests of the Local Government Area				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.2.2.a	Actively participate in and collaborate with Hunter Joint Organisation to promote the interests of the LGA.	General Manager or delegate will attend majority of Hunter Joint Organisation meetings.	by 30 June 2025	General Manager

Objective 5.3 Ensuring Council is accountable and responsive to the community

Strategic direction

- Our Council is customer focussed
- Our Council's processes are efficient and transparent
- Our Council is financially sustainable

5.3.1 Continue implementation of the Customer Service Strategy				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.1.a	Build an organisation which has a focus on the customer by having well trained staff who are committed to providing a quality service.	Tailor and facilitate Customer Service training.	minimum four (4) times by 30 June 2025	Business Support & Customer Relations
	Achieving Customer Excellence (ACE) Training to all staff within Council.		One (1) training session per month in line with Council's onboarding program.	
5.3.1.b	Build a customer centric culture that encourages empathy and understanding with values and behaviours that focus employees on delivering great customer experiences.	Refine and promote our Customer Service Charter.	by 30 June 2025	Business Support & Customer Relations
5.3.1.c	Ensure our processes, procedures and roles have the right capability in place to manage expectations and deliver what we promise.	Implement target outcomes for CRMs and Driveways journey mapping.	by 30 June 2025	Business Support & Customer Relations
5.3.1.d	Use technology to share knowledge and to design interactions that are seamless and easy for customers and staff.	Improvement of online forms that ensures easy-to-understand language is being used and consistent branding and support is offered.	by 30 June 2025	Business Support & Customer Relations

5.3.1 Continue implementation of the Customer Service Strategy				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.1.e	Increase customer understanding and use it to design services that improves our customer experience.	Undertake customer journey mapping in relation to one of our services to gain a clear understanding of our customer's expectations.	by 30 June 2025	Business Support & Customer Relations
5.3.2 Conduct regular development consultation forums				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
		Seek feedback on service delivery from industry applicants following Development Forums and through other engagement methods.	by 30 June 2025	
5.3.2.a	Conduct regular development consultation forums.	Participate and promote the annual Development Consultation Forum.	One (1) forum by 30 June 2025	Development Services
		Hold five (5) onsite and five (5) on location Development Forums with industry applicants.	by 30 June 2025	
5.3.3 Efficiently and effectively process development applications and respond to planning enquiries				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.3.a	Efficiently and effectively process development applications and respond to planning-related enquiries.	Process development applications within agreed timeframes.	by 30 June 2025	Development Services
		Respond to planning-related inquiries within agreed timeframes.	by 30 June 2025	

5.3.3 Efficiently and effectively process development applications and respond to planning enquiries				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.3.b	Continue the expansion of the application programming interface (API) between the NSW Planning Portal (ePlanning) and Council's systems.	Review and implement any further development of the API for the NSW Planning Portal as they become available.	by 30 June 2025	Business Support & Customer Relations
5.3.3.c	Continue to review and enhance our internal processes and workflows in line with the Departments Development Assessment Best Practice Guide.	Refine internal processes to improve Development Assessment processing times.	by 30 June 2025	Business Support & Customer Relations

5.3.5 Continue to embed a culture of Enterprise Risk Management throughout the Council				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.5.a	Continue to ensure and improve the safety and wellbeing of Council's workforce.	Develop a strategy to manage employee fitness for work and address issues associated with an ageing workforce.	by 30 June 2025	People & Culture
		Conduct an external audit against the criteria of ISO45001 to provide assurance on how Council is performing with respect to WHS.	by 30 June 2025	
		WHS considerations are integrated into all areas of Council through the review of WHS performance data and KPI's.	by 30 June 2025	
		Review of WHS System Procedure.	by 30 June 2025	
		Undertake a survey and audit of the Health and Safety Committee.	by 30 June 2025	
		Increase the use of Council's electronic safety and risk systems.	by 30 June 2025	
5.3.5.b	Maintain an internal audit function delivering the approved annual internal audit plan in accordance with the IPPF and recognised best practice / Manage Council's Audit, Risk and Improvement Committee in accordance with statutory obligations and recognised best practice.	Conduct an external audit of Council's Return to Work Program to ensure legislative compliance and best practice.	by 28 February 2025	Internal Audit
			by 30 June 2025	

5.3.5	Continue to embed a culture of Enterprise Risk Management throughout the Council			
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.5.c	Review and implement an Enterprise Risk Management Framework to mature and enhance decision-making in supporting the delivery of Council's vision, purpose and objectives.		by 30 June 2025	People & Culture
5.3.6	Undertake Service Delivery reviews and implement recommendations to improve productivity throughout the council			
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.6.a	Review asset management processes and systems to provide evidence-based outcomes that inform the allocation of priorities identified in Council's Asset Management Plans for inclusion in Council's Long Term Financial Plan.	Investigate and implement an Asset Management and Project Management System.	by 1 June 2025	Asset Planning
5.3.6.b	Undertake service delivery review of the Debt Collection function to be completed by December 2024.		by 30 December 2024	Finance & Administration
5.3.6.c	Undertake Service Delivery Review of Procurement and Stores Function.	Completed and reported to the Audit Committee.	by 30 June 2025	Finance & Administration
5.3.7	Continue to manage Council governance functions and statutory requirements			
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.7.a	Review and update Council's Fraud Control and Corruption Prevention Framework to align with best practice.	Prepare and finalise a revised Fraud Control and Corruption Prevention Framework.	Framework adopted by 30 June 2025	Finance & Administration

5.3.7 Continue to manage Council governance functions and statutory requirements				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.7.b	Complete all requirements of the Intergrated Planning and Reporting Framework.	Adoption of: Community Strategic Plan Delivery Program Operational Plan.	by 30 June 2025	Finance & Administration
		Completion and lodgement: Annual Report State of the City Report.	Completed by 30 November 2024	
5.3.7.c	Manage Council's corporate governance in accordance with regulations.	All policies and procedures are reviewed and adopted as per regulation and Council policy.	by 30 June 2025	Finance & Administration
5.3.7.d	Review and update Council's Ethical Behaviour Framework to ensure delegations and authorisations meet legislative and compliance requirements.	Revised delegations management system.	Implemented by 30 June 2025	Finance & Administration
5.3.8 Continue to identify and implement Financial Sustainability Initiatives				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.8.a	Develop a Financial Strategy integrated with the Long Term Financial Plan, Asset Management Plans, Workforce Plan to determine future funding requirements for Council.	Strategy endorsed by Executive Leadership Team.	Completed by 30 April 2025	Finance & Administration
5.3.9 Ensure Council develops and improves Information Technology and Communication systems to meet organisation requirements				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.9.a	Share information regarding the status of current Capital Works particularly with respect to traffic disruptions and construction works.			Infrastructure

5.3.10 Implement the Workforce Management Strategy				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.10.a	Implement Council's Leadership and Capability Framework actions.	Review framework documentation, amend actions as required, and communicate to stakeholders.	by 30 June 2025	
		Employee understanding and satisfaction surveys for framework completed.	by 30 June 2025	People & Culture
		Develop and implement a program plan for each level of leadership that includes formal and on the job training.	by 30 June 2025	
5.3.10.b	Develop and implement a succession planning and talent management framework that is fit for purpose for Council.	Succession planning and talent management framework developed and implemented.	by 30 June 2025	People & Culture
5.3.11 Review the need to apply for a Special Rate Variation to manage the burden of increasing cost of Council to maintain assets and meet community requirements				
Action Code	Operational Plan Action	Service Measure	Success Indicator	Service Area
5.3.11.a	Complete financial modelling to determine future income and expenditure requirements to assess need for a Special Rate Variation.	Financial modelling provided to ELT and Council.	Completed by 31 December 2024	Finance & Administration
5.3.11.b	Enhance Council Long Term Financial Plan (LTFP) to ensure that the LTFP becomes part of the IP&R documents to facilitate scenario analysis for Special Rate Variation.	LTFP aligns with all IP&R documents and is updated as part of the Quarterly Budget Review Statements.	Achieved for each QBRs period	Finance & Administration

VOLUME II 2024-2025 BUDGET

Our Capital Works Program

General Definition

Works programs consist of projects that build new community infrastructure. They can include road improvements such as resurfacing or intersection upgrades, shared pathways, drainage improvements, asset renewal works, playground upgrades or replacement, new facilities such as sports amenities and libraries, and environmental projects such as erosion control and bank stabilisation.

Source of Funds

Council uses different funding streams to finance its capital works program. Figure 4 below shows the breakdown of funding in 2024-25.

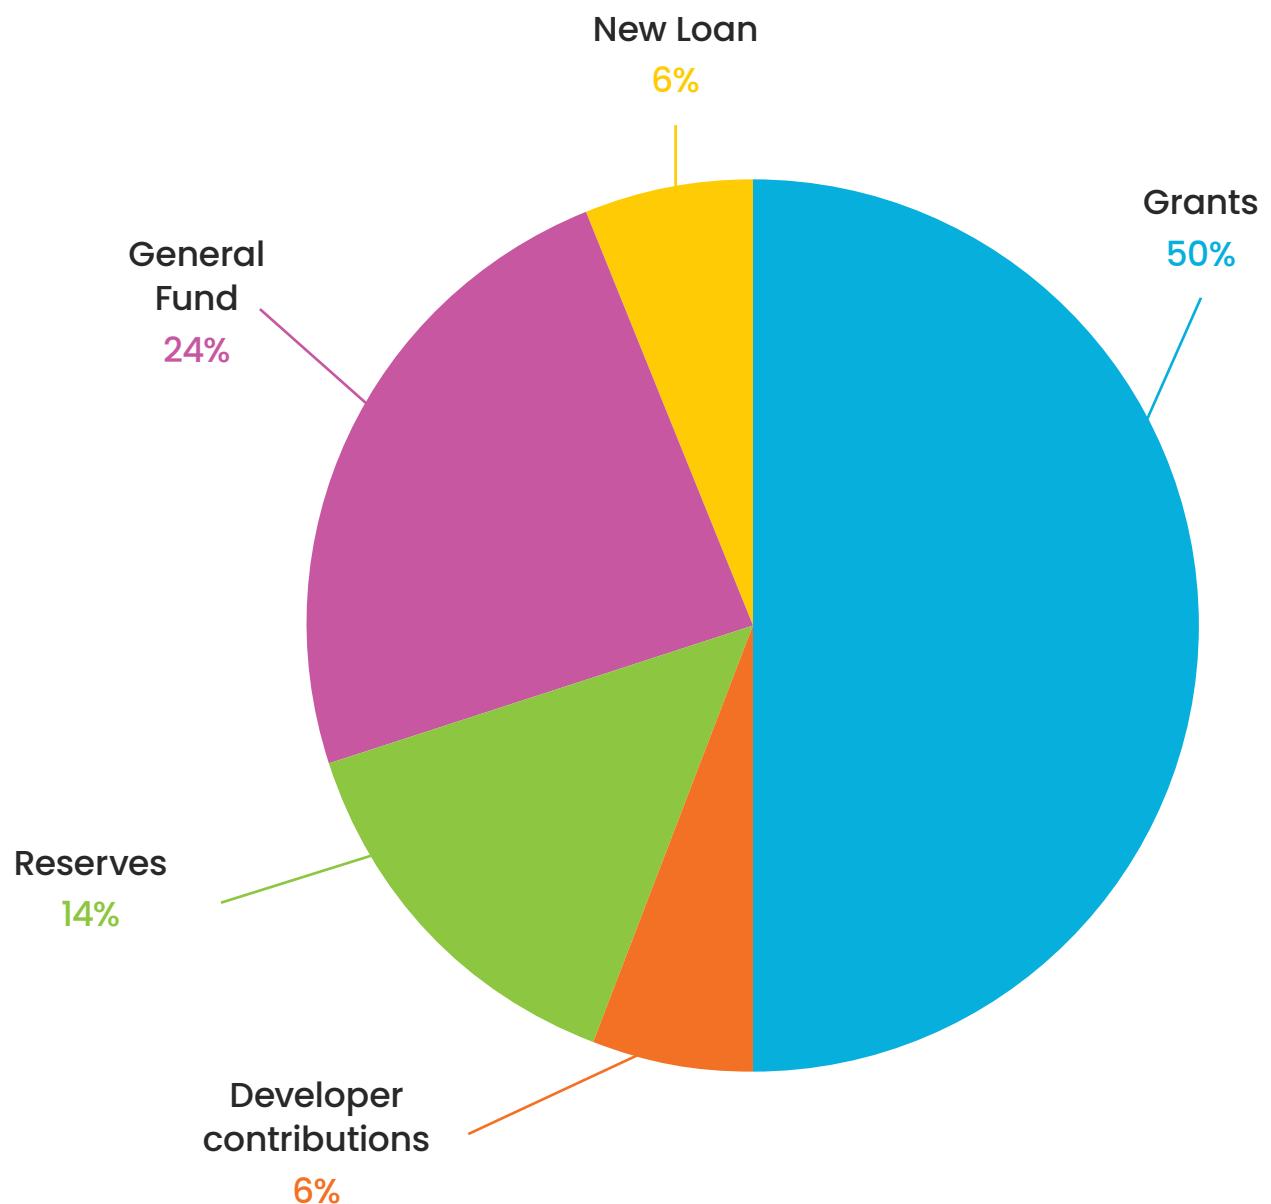

Figure 4: Capital funding sources in FY25

Asset Management Prioritisation

The Asset Management Prioritisation programs have been developed to bridge the gap between current/historic funding levels and the Community desired level of service. It targets assets or asset components that are falling under this service level, and bringing them back in-line with our communities' expectation.

Capital Works Budget by Outcome

Cessnock City Council is budgeting for a \$79.2 million capital works program in 2024-25. Figure 5 below breaks down capital works by community outcome.

Outcomes (see figure 5)

A connected, safe and creative community

A sustainable and prosperous economy

A sustainable and healthy environment

Accessible infrastructure, services and facilities

Civic leadership and effective governance

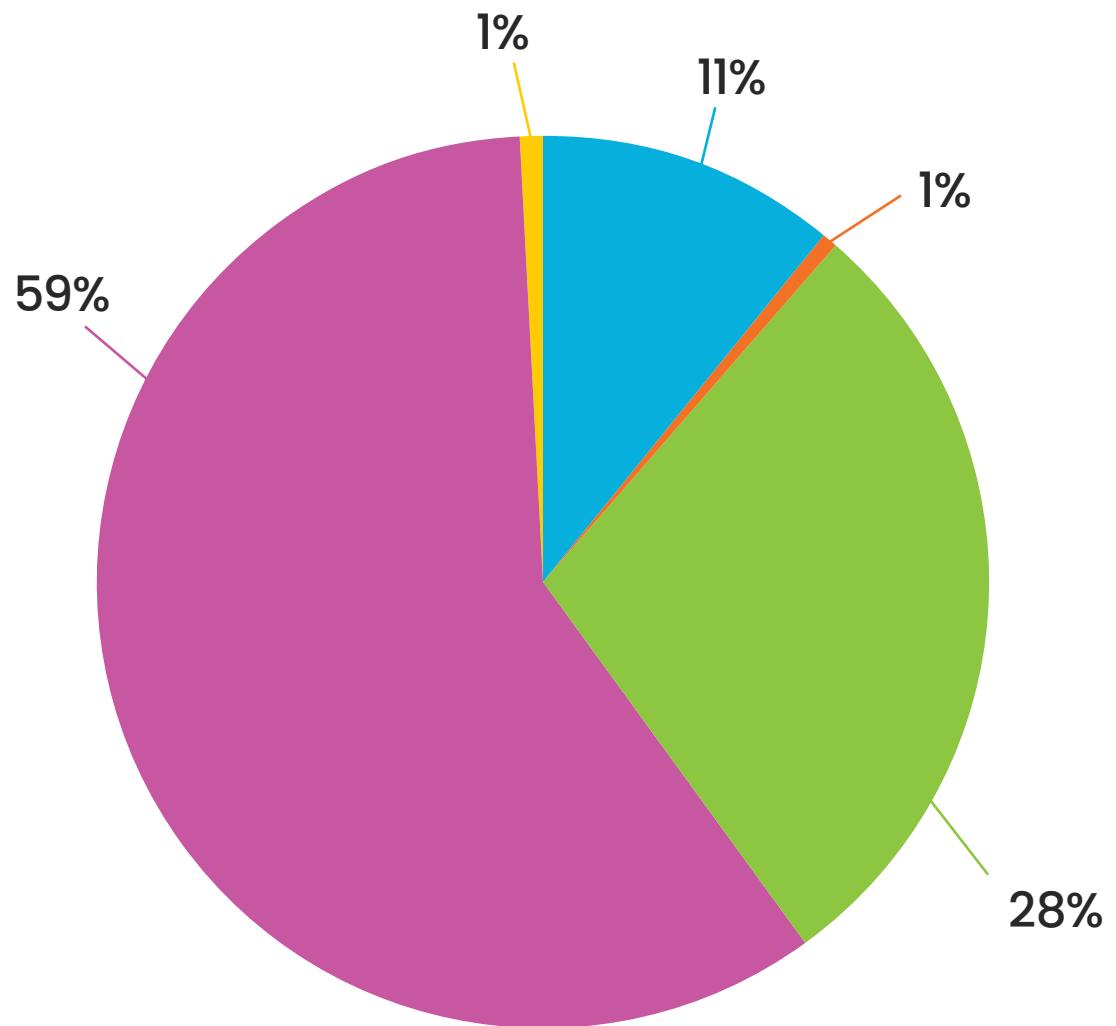

Figure 5: FY25 Capital budget by Outcome

Programs by outcome

A connected, safe & creative community

Cemetery Facilities Construction Program

The Cemetery Facilities Construction Program (CFC) aims to renew and upgrade Councils local cemeteries and associated assets. Example projects can include - new internment options, fencing, access improvements, signage and general cemetery upgrades. The program also implements projects identified in adopted masterplans and asset management plans.

Cultural & Community Buildings Renewal

The Cultural & Community Buildings Renewal Program (RBC) aims to renew and upgrade Council owned community & cultural buildings & facilities. Projects can include, flooring renewal, painting, kitchen upgrades, roof and bathroom upgrades.

Pool Facilities Renewal Program

The Pools Facilities Renewal Program (RFP) improves, upgrades and/or renews assets associated with Councils aquatic facilities. Projects within this program includes renewal and upgrade to plant & equipment, building infrastructure and supporting infrastructure such as new park furniture, fencing and grandstand improvements.

Library Books

This program involves the purchase of books that are made available to the community via services delivered at Cessnock Library Branch, Kurri Kurri Library Branch and Home Library Service.

Recreation Buildings Construction Program

The Recreation Buildings Construction Program (CRB) is aimed at providing new or upgraded recreation buildings across the LGA. Works included in this program includes new public amenities, new sporting facility changerooms & amenities, significant upgrades to existing sporting facilities, and/or major construction in open space and recreation areas. The CRB program is predominately derived from Council Master Plans or Strategic Plans.

Recreation Buildings Renewal Program

The Recreation Buildings Renewal Program renews and/or upgrades Council owned recreation buildings such as sporting amenities buildings and changerooms, kiosks, public amenities, and indoor sporting facilities. Projects can include flooring renewal, painting, roof replacement, kitchen or bathroom upgrades

Recreation Facilities Construction Program

A major influence on expected revenues and expenses in any year is the economy. The level of economic activity will impact demand for some of Council's services, while changes in inflation rates and interest rates will be reflected in costs Council pays for materials and services and on the return on its investments.

Recreation Facilities Renewal Program

The Recreation Facilities Renewal Program aims to provide renewal works to Council owned or managed recreation areas and supporting infrastructure. Works included in this program

are; floodlighting, irrigation and field improvements, playground & safety surfacing renewal, fencing and park furniture renewal and shade structure installation.

Recreation Pre-Construction Design Program

The Recreation Pre-Construction Program (RPC) is aimed at completing specialist services prior to the construction of Council assets within community, cultural, recreational, or public open space and buildings throughout the Cessnock Local Government Area (LGA). Such projects include; site surveys, geotechnical reports, plans & construction drawings, concept plans, and detailed designs.

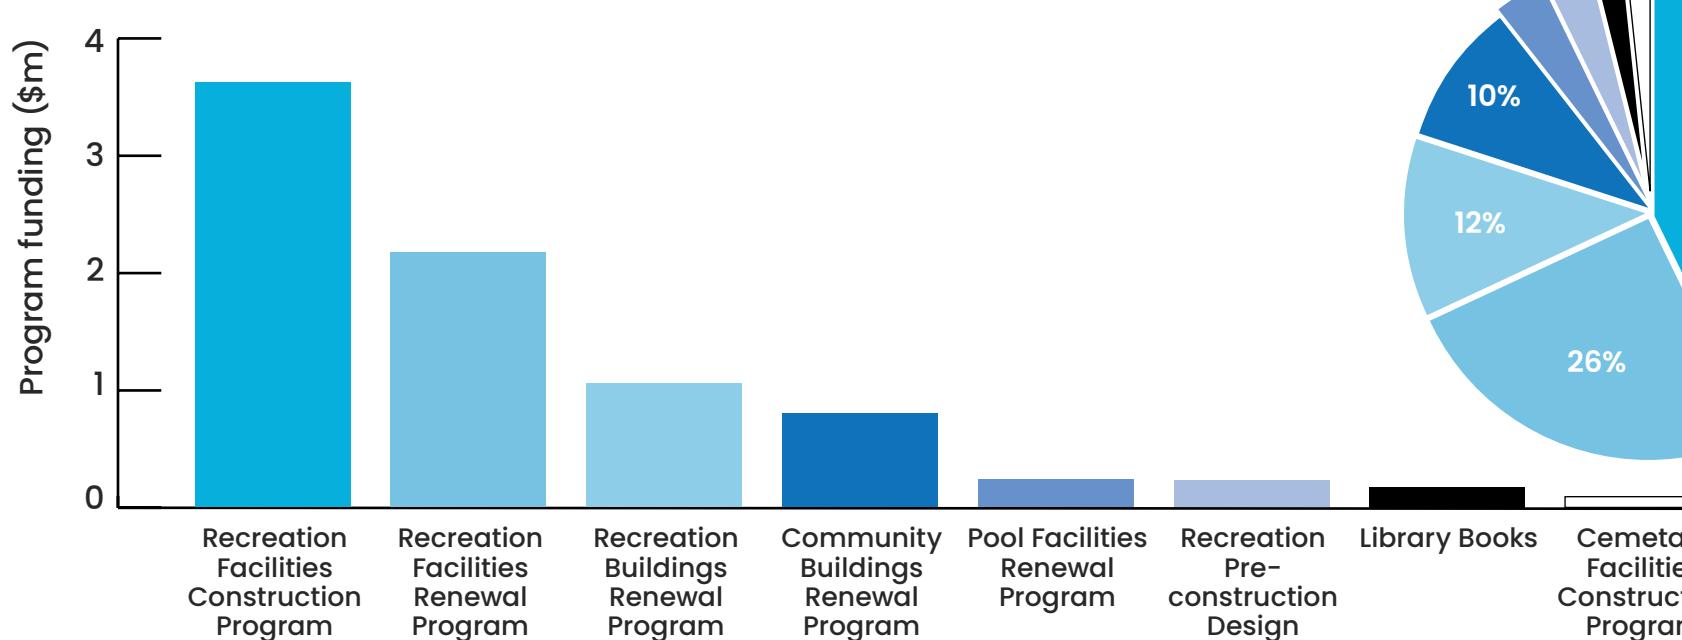

Figure 6: A Connected, Safe & Creative Community capital budget by program (and 6b program capital budget by percentage of outcome)

Programs by outcome

A sustainable & prosperous economy

Masterplan, Strategic Plan and Community Asset Upgrades

This program sees construction/implementation of community assets from masterplans, strategic plans or community demand. Such works include upgrades to Cessnock LGA town centres and Visitors Information Centre.

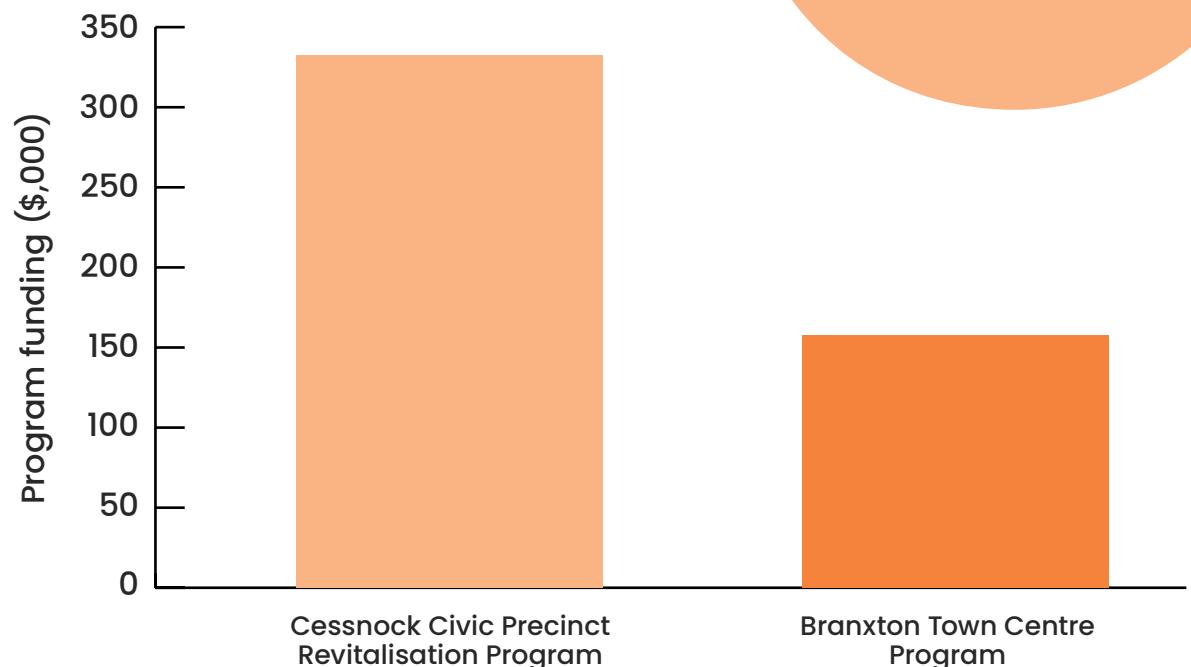

Figure 7: A Sustainable & Prosperous Economy capital budget by program (and 7b program capital budget by percentage of outcome)

Programs by outcome

A sustainable & healthy environment

Waste Facility Construction Program

The Waste Facility Construction Program (CFW) incorporates the next phase of the overall masterplan for the Cessnock Waste Management Centre which commenced in 2015. Construction works includes stage 1 of the new landfill cell and associated access road, remediation of current cell, service and amenities compound plus a new environment and waste education centre.

These works will allow Council to meet current and future waste and resource recovery demands while adhering to its environmental protection licence and industry best practice.

Waste Major Plant

Major items of plant/machinery comprise of Council's kerbside collection vehicles, excavator, compactor and other machinery used to collect, manage and dispose of waste at the Cessnock Waste Management Centre.

Floodplain Management Program

The Floodplain Management Program (FPM) utilises current flood studies and ongoing investigations to implement flood management techniques or infrastructure.

Drainage Construction Program

The Drainage Construction Program (CDR) is designed to improve drainage systems by modifying, repairing, and replacing drainage infrastructure. Catchment studies, condition assessments and customer requests determine the works and also improves environmental issues such as detention and water quality.

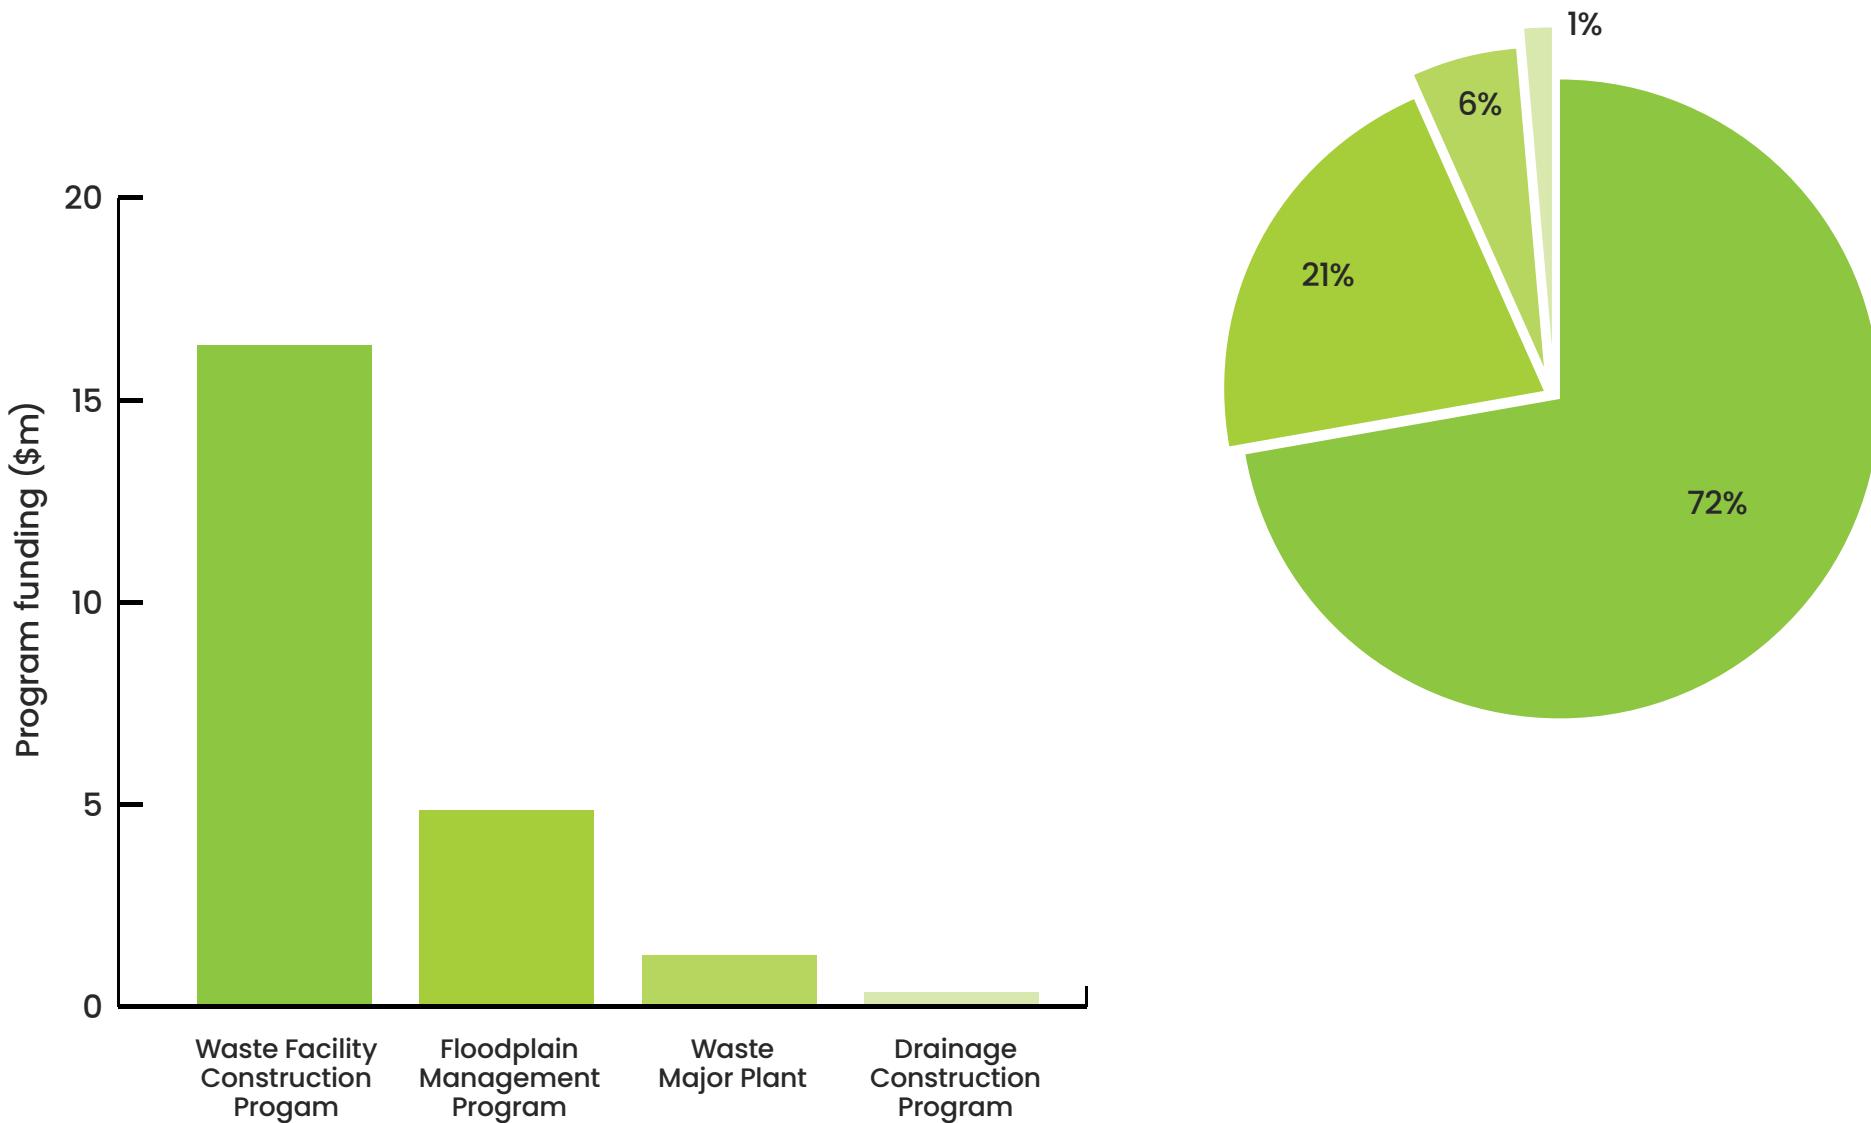

Figure 8: A Sustainable & Healthy Environment capital budget by program (and 8b program capital budget by percentage of outcome)

Programs by outcome

Accessible infrastructure, services & facilities

Bridge Construction Program

The Bridge Construction Program (CBS) is determined from an inspection and testing regime to minimise structural deterioration and improve the overall condition of the existing bridge stock. Typical activities include major repairs, rehabilitation, and replacement of components such as guardrails, girders, joints and decks. In addition, Council bridges are gradually being upgraded or replaced when required.

Design & Contracts Pre-construction

The Design and Contracts Pre-Construction Program (DCP) is aimed at providing specialist services required prior to the construction of Council assets. Such projects include; site surveys, geotechnical reports, utility relocation, plans & construction drawings, concept plans, and detailed designs.

Traffic Facilities Program

The Traffic Facilities Program (CFT) includes investigation, development, consultation with Transport for NSW where required, and delivery of; pedestrian facilities, line marking, traffic control devices, road safety projects, local area traffic management schemes, bus stop infrastructure, as well as operational management of street lighting in conjunction with Ausgrid.

Gravel Rehabilitation & Resheeting Program

Gravel road rehabilitation is an important treatment in ensuring the structural components of the road reach/achieve their useful life (sometimes thought of as design life). Timing is critical and the aim is to apply the treatment before noticeable pavement deterioration.

Local Road Renewal Program (RRL)

Road resurfacing is an important treatment in ensuring the structural components of the road reach/achieve their useful life (sometimes thought of as design life). Timing is critical and the aim is to apply the treatment before noticeable pavement deterioration. Some treatments may include bitumen/chip seals, asphalt overlay, mill and asphalt resheet.

Regional Road Renewal Program (RRR)

Road resurfacing is an important treatment in ensuring the structural components of the road reach/achieve their useful life (sometimes thought of as design life). Timing is critical and the aim is to apply the treatment before noticeable pavement deterioration. Some treatments may include bitumen/chip seals, asphalt overlay, mill and asphalt resheet.

Natural Disaster Rehabilitation

Natural Disaster Rehabilitation is program of works (NDR), typically funded by the NSW Government as a means to undertake repairs to essential public assets that have been damaged during declared natural disasters.

Pathways Construction Program

Developed and prioritised from customer requests, strategic plans and share pathway strategies; the Pathways Construction Program (CPW) aims to prioritise the construction, or reconstruction of footpaths/shared accessways.

Plant and Fleet Acquisitions

Plant and fleet acquisitions is an ongoing replacement program (PFA) to ensure Council has suitable and reliable plant and fleet to assist with delivery of projects for the community.

Safer Roads Program (RMS Blackspot)

The Safer Roads Program (CRR) aims to address hazardous roads or high-risk roads identified by Transport for NSW or local traffic data. This could be anything from road reconstruction to widen lane widths, through to roadside safety barriers, line marking, advisory and regulatory signage to intersection upgrades.

Works Depot Construction Program

The Works Depot Construction Program (WDC) is for upgrade and expansion of the Works Depot.

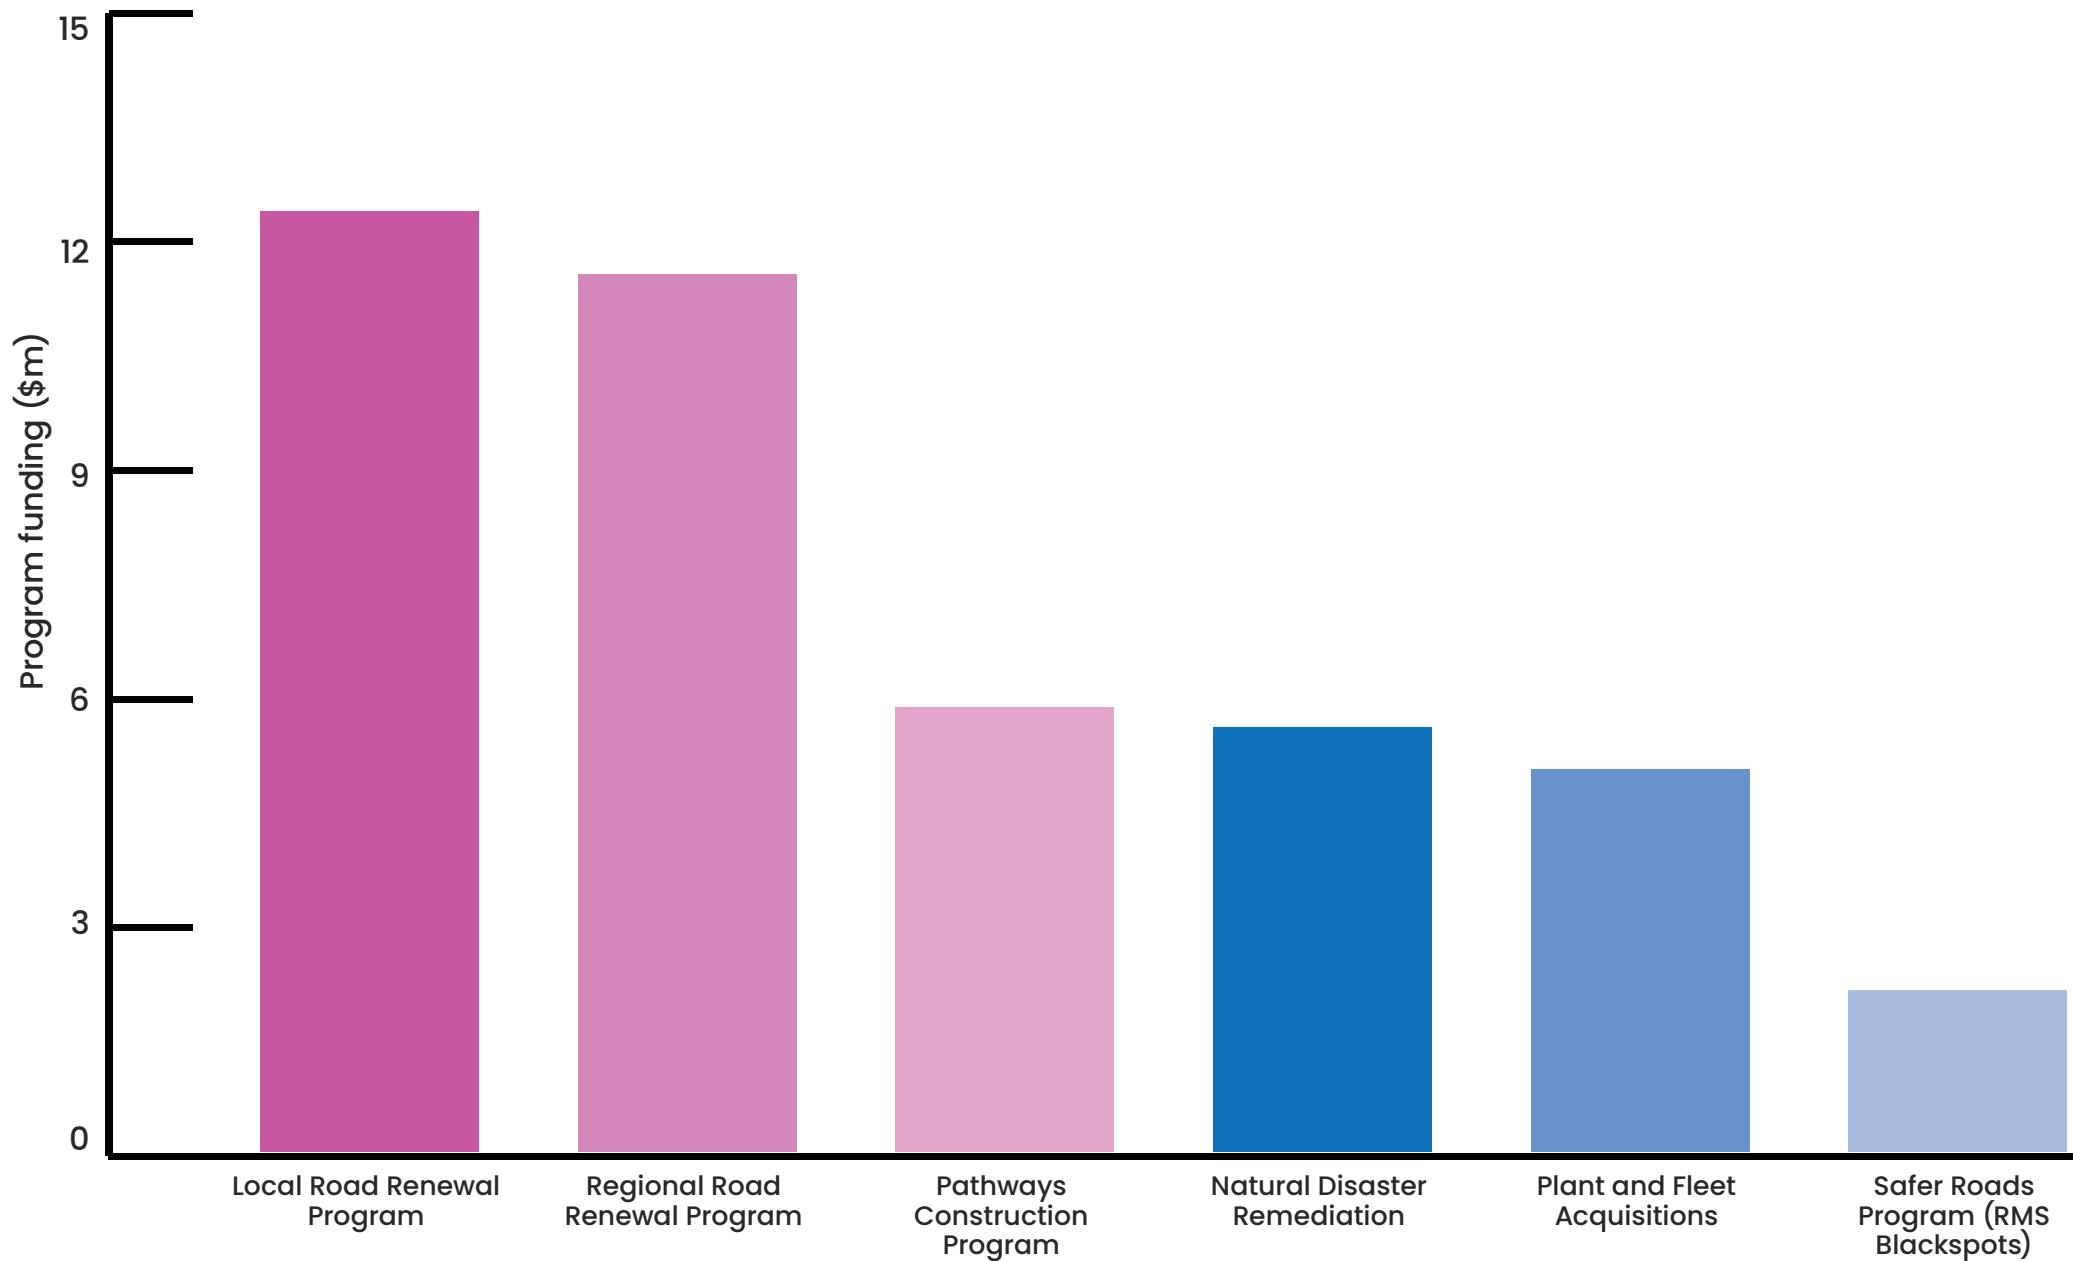

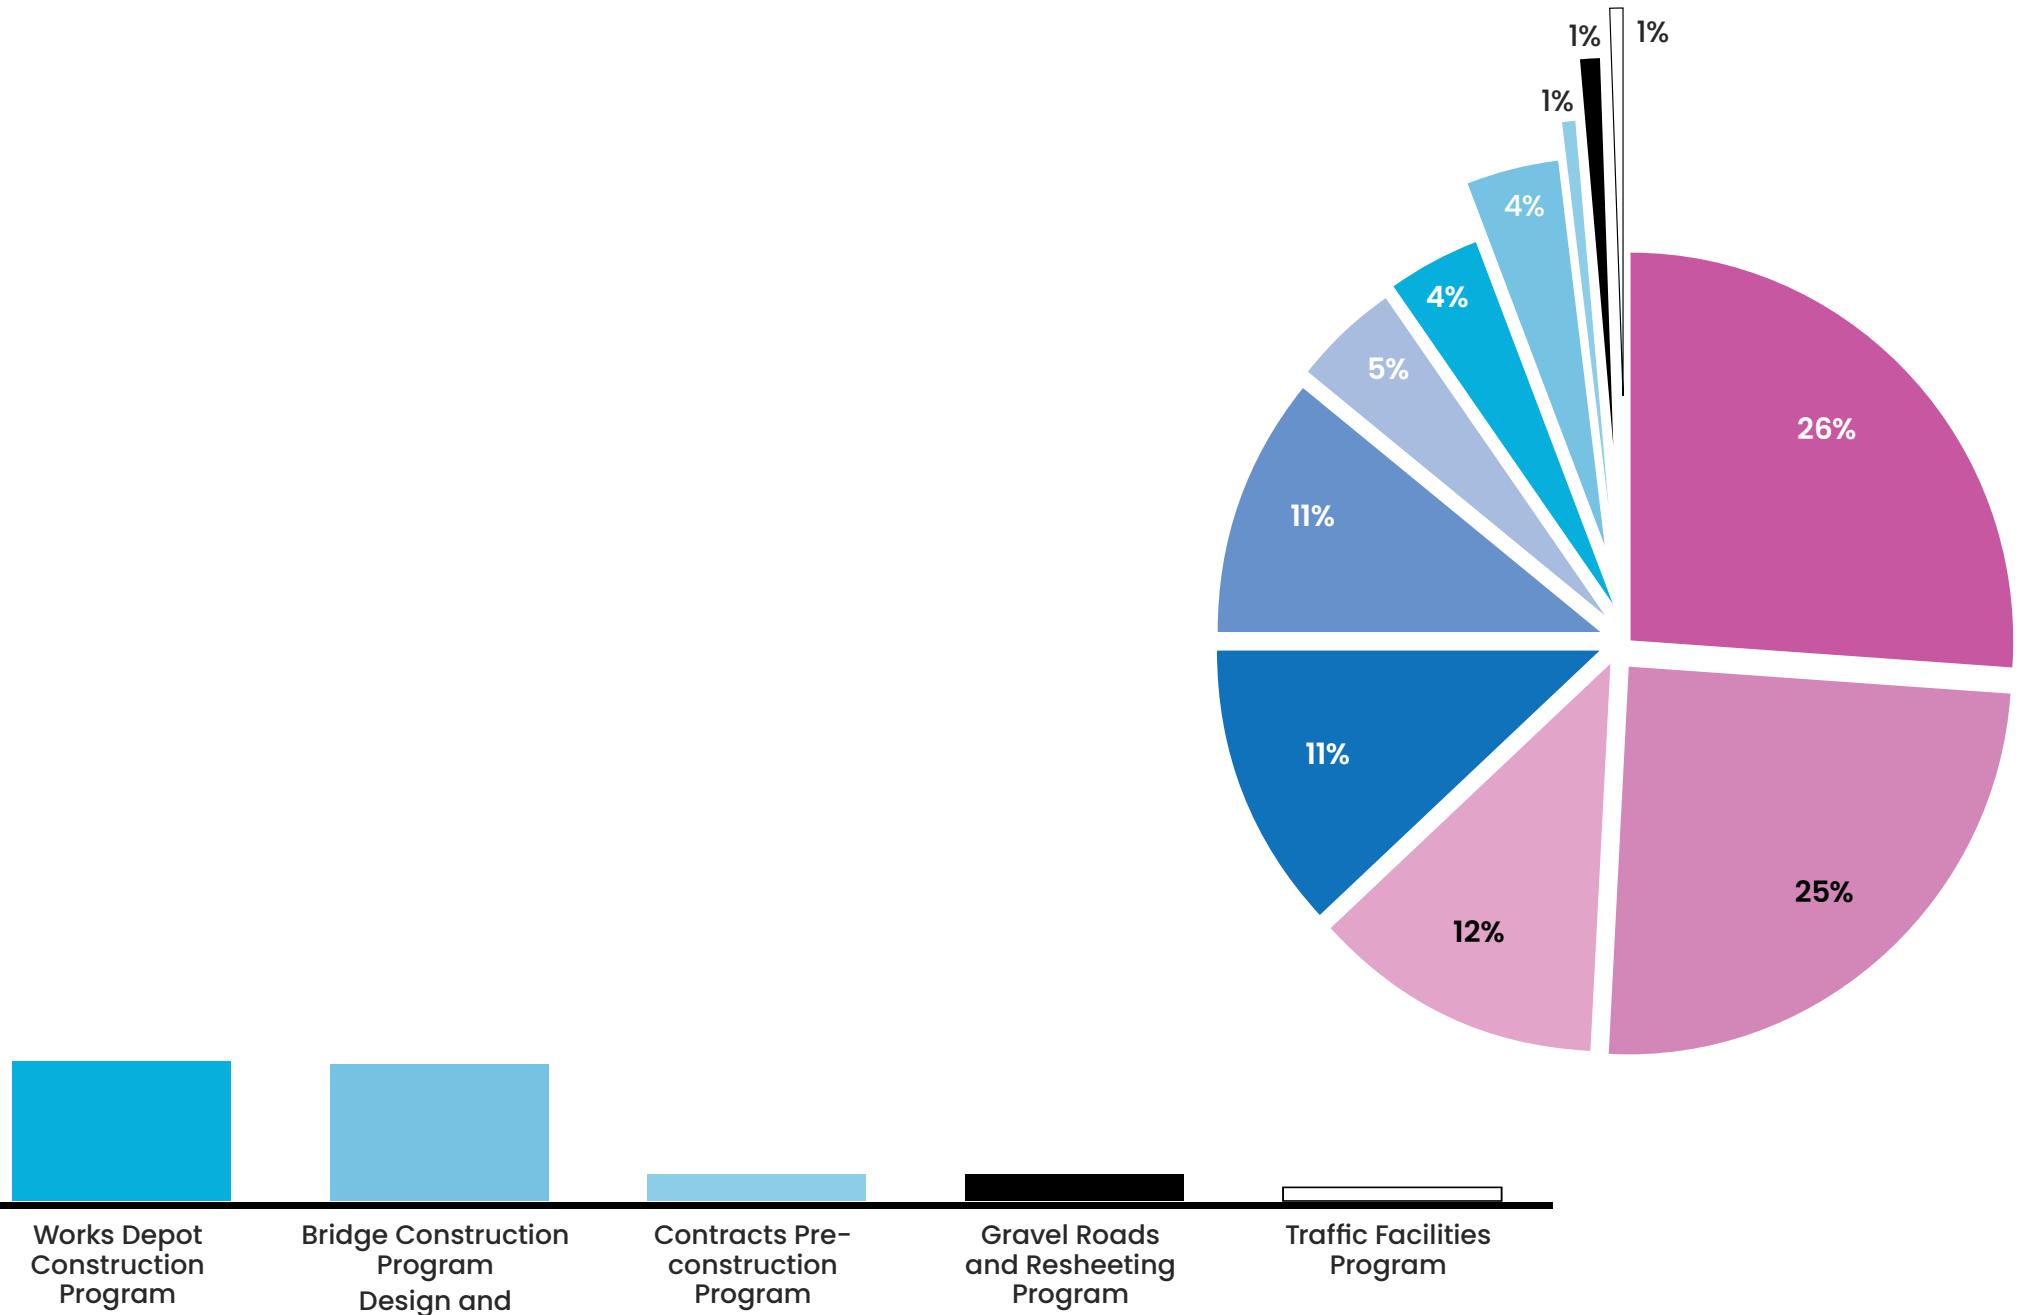

Figure 9: Accessible Infrastructure, Services & Facilities capital budget by program (and 9b program capital budget by percentage of outcome)

Programs by outcome

Civic Leadership & Effective Governance

Other fixed Assets

Other Assets are assets built in other areas of Council that do not sit within other programs. These can be for Libraries, Performing Arts Centre or Council buildings.

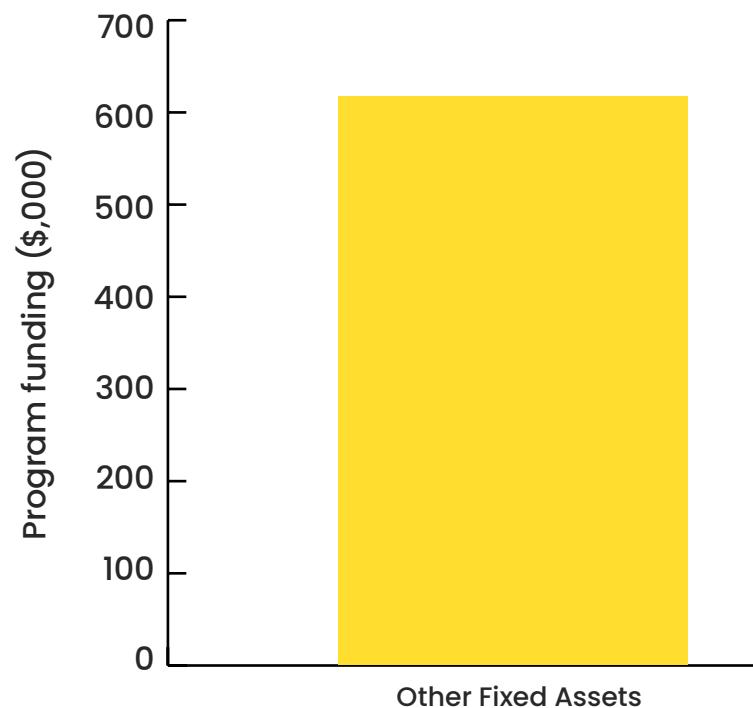

Figure 10: Civic Leadership & Effective Governance capital budget by program

Financial Forecasts

Assumptions

The 2024–25 estimates of income and expenditure in this document have been prepared using the following financial assumptions.

General Rates

Ordinary rates are assumed to increase by the rate peg limit of 5.3%.

Domestic Waste Management Charges

Domestic Waste Management Charges increase by 5.3% on last year's charge.

Interest Rates

Interest on new loans of 5% and interest on investments of 4%.

Inflation

The 2024–25 annual budget has been based on a 3.5% award increase in salaries and wages. Generally, inflation costs have been applied based on CPI to materials and contracts as per the most recent published CPI.

Risks

This operational plan incorporates assumptions and judgements based on the information available at the time of publication. Unexpected changes in a range of factors could influence the outcomes in the current and future years.

General Risks

A major influence on expected revenues and expenses in any year is the economy. The level of economic activity will impact demand for some of Council's services, while changes in inflation rates and interest rates will

be reflected in costs Council pays for materials and services and on the return on its investments.

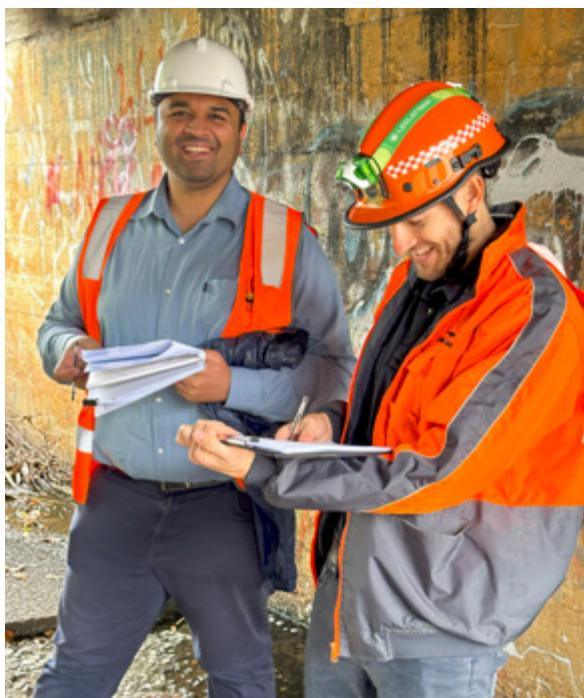

Many of Council's maintenance and construction activities are impacted by the weather; extreme weather conditions can impact on priorities and result in programmed works being postponed.

Significant changes in government legislation, particularly in the areas of planning, resource management and local government framework/services, could result in additional costs being borne by Council. Council is a multi-purpose organisation, providing a large range of buildings, parks, playgrounds and other facilities accessible to the public, could possibly face insurance claims at any time.

Council is the planning consent authority under the [Environmental Planning and Assessment Act 1979](#). Pursuant to that Act, certain persons aggrieved by a planning decision of Council may appeal to the Land and

Environment Court. It is the Court's normal practice that parties bear their own legal costs, however the amount of any of the costs cannot be known until an appeal is made.

On the revenue side, grants are a material component of Council's source of funds and are subject to political decisions by other levels of government.

Specific Risks

Climate

Climate variability is the way climate fluctuates in the short term above or below a long term average. Common drivers of climate variability included El Nino and La Nina events.

Climate change is a long term continuous change over centuries or millennia to average weather conditions. Climate change is slow and gradual and unlike year to year variability, is very difficult to perceive without scientific records. Climate change occurs because of changes to the Earth's environment, the changes in its orbit around the sun or human modification of the atmosphere.

The **Garnaut Report (2008)** found that, as a result of past actions, the world is already committed to a level of warming that could lead to damaging climate change. The continued growth in greenhouse gas emissions is expected to have a severe and costly impact on

agriculture, infrastructure, biodiversity and ecosystems in Australia. The report concluded that every Australian would have to adapt to climate change for the maintenance of their livelihoods and the things that they value.

Climate change will affect rainfall, temperature and sea levels and will have consequences on flooding, soil moisture, bushfire intensity and storm events. It will cause the re-evaluation of Council activities and priorities, as well as significantly impacting on future plans.

Council has taken some initial measures to mitigate the broader risk of climate change.

Council's response to date has included initiatives to improve the coordination and effectiveness of Council's response to climate change. However, the extent of climate change impacts on the social and economic wellbeing of our community is yet to be comprehensively assessed.

Ability to fund asset management

A common issue arising from recent local government reviews has been the shortfall in infrastructure maintenance and renewals expenditure, and how this is able to be funded to ensure that infrastructure is providing the level of service expected by the community. If appropriate asset management processes are not adopted, then assets can deteriorate to the point where agreed service levels cannot be met.

Council has an Asset Management Strategy and **Asset Management Plans** for the key infrastructure classes of roads, bridges, stormwater drainage, buildings and open space in order to mitigate and plan for these risks.

Development Applications

The revenue estimates for development applications are based on ongoing residential building activity in the local government area and are subject to economic conditions being suitable for activity to continue at planned levels.

Future Funding Obligations

Council continues to identify a substantial commitment to future works which will require funding in the short to medium term, including ongoing maintenance funding for these works.

The significant amounts associated with these future commitments exceeds the capacity of Council to fund the construction or maintenance of the assets within existing budgets. Council will need to consider mechanisms in the short term to substantially increase the revenue base or alternatively will need to divest assets and reduce service levels to existing services.

Revenue Policy

Rating

In accordance with **Section 494** of the *Local Government Act 1993*, Council must make and levy rates annually on all rateable land for which a valuation has been provided by the NSW Valuer-General. Rates must be levied on the land valuations in force as at 1 July of the rating year. Newly created parcels of land which did not exist at the beginning of the rating year are to be valued and unpaid rates are to be apportioned in accordance with the NSW Valuer-General's determination as per **Section 573** of the *Local Government Act 1993*.

In 2024–25, Council will levy rates on newly subdivided land on a pro-rata basis from the date of registration of the deposited plan or the strata plan. The amount that is to be raised from rating is calculated to comply with legislative requirements and rate-pegging limitations.

Together with other sources of income, rating income is used to fund Council's expenditure to implement the programs and levels of service that will, in turn, realise the community's desired outcomes in **Cessnock 2036**.

Methodology

For 2024–25 Council continues to use a rating methodology comprising a base amount plus an ad valorem amount (land value multiplied by a rate in the \$).

The land valuations used to calculate rates for 2024–25 are supplied by the Valuer General and have a base date of 1 July 2022.

Payment of Rates

Ratepayers may pay their rates annually in full by 31 August, or alternatively in four instalments with the following due dates: 31 August, 30 November, 28 February and 31 May each year. Council is required to issue notices one month in advance of the due date.

Council's payment options include:

- Telephone payment service
- Direct debit
- Payments at Australia Post
- Credit card, cheque, money order or cash payments at Council Chambers
- BPay
- Centrepay
- Internet payments by credit card via Council's website
- Payble payment system

Interest is charged on rates not paid by the due date in accordance with **Section 566** of the *Local Government Act 1993*. The applicable interest rate is set each year by the Minister for Local Government.

Council will adopt the maximum rate applicable as set by the Minister for the year.

Statutory Pensioner Rebate

Eligible pensioners receive a statutory reduction of 50% of the combined rates and domestic waste management charge to a maximum of \$250. Council receives a subsidy of 55% of the total statutory rebate. To be eligible for a full year rebate, the date on which the person becomes eligible must be on the date rates and charges are levied in any rating year.

Pensioners who become eligible after the date on which rates and charges are levied will receive a rebate proportionate to the number of full quarters remaining in the rating year after the day on which the person becomes an eligible pensioner in accordance with **Section 575** of the *Local Government Act 1993*.

Those pensioners who are uncertain of their status should contact Council for assistance and advice. The granting of the Statutory Pensioner Rebate to eligible pensioners is limited to the current year and previous year only.

Voluntary Pensioner Rebate

In addition to the Statutory Pensioner Rebate, Council will grant a voluntary pensioner rebate, which will be 1.6% of the combined rates and domestic waste management charge. This voluntary rebate will apply to pensioners who are eligible for the Statutory Rebate. It will be granted to all eligible pensioners on the same basis as the Statutory Pensioner Rebate for 2024-25. The granting of the Council's Voluntary Pensioner Rebate to eligible pensioners is limited to the current year and previous year only.

Categorisation of Land

Council has determined that the rates will be applied across seven categories:

- Residential
- Rural residential
- Business
- Farmland
- Farmland – mixed use
- Farmland – business rural
- Mining

Those properties that are subject to a **Mixed Development Apportionment Factor (MDAF)** as supplied by the NSW Valuer-General in accordance with the *Valuation of Land Act 1916* are rated as part Residential and part Business on the basis that MDAF are not categorised according to dominant use.

Category	Reference	Definition
Residential	<i>Section 516 Local Government Act 1993</i>	<p>Land is categorised as residential if it is a parcel of rateable land valued as one assessment and:</p> <ul style="list-style-type: none"> • Its main use is for residential accommodation, but not as a hotel, motel, guesthouse, boarding house, lodging house, or nursing home • It is vacant land zoned for residential purposes • It is rural residential land. Rural residential land is defined as being <ul style="list-style-type: none"> (a) Land that is the site of a dwelling, and (b) Is not less than 2 hectares and not more than 40 hectares in area, and is either: <ul style="list-style-type: none"> a. Not zoned or otherwise designated for use under an environmental planning instrument, or b. Zoned or otherwise designated for use under such an instrument for non-urban purposes, and (c) Does not have significant and substantial commercial purpose or character
Rural Residential	<i>Section 516 Local Government Act 1993</i>	A sub-category of residential for rural residential land where there is a residential dwelling and the land area is between 2 and 40 hectares
Business	<i>Section 518 Local Government Act 1993</i>	<p>Land is categorised as business if it cannot be categorised as farmland, residential or mining.</p> <p>The main land uses in the business category are commercial and industrial</p>

Category	Reference	Definition
Farmland	<i>Section 515 Local Government Act 1993</i>	<p>Land is categorised as farmland if it is a parcel of rateable land valued as one assessment and its dominant use is for farming (that is the business or industry of grazing, animal feedlots, dairying, pig farming, viticulture, orcharding, beekeeping, horticulture, vegetable growing, forestry, oyster or fish farming, or growing crops for profit) and:</p> <ul style="list-style-type: none"> • Has a significant and substantial commercial purpose or character, and • Is engaged in for the purpose of profit on a continuous or repetitive basis <p>Rural residential land cannot be categorised as farmland</p>
Farmland – Mixed Use	<i>Section 515 Local Government Act 1993</i>	A sub-category of farmland with both rural and business use
Farmland – Business Rural	<i>Section 515 Local Government Act 1993</i>	A sub-category of farmland which has a low density of land utilisation with predominantly business activity
Mining	<i>Section 517 Local Government Act 1993</i>	Land is categorised as mining if it is a parcel of rateable land valued as one assessment and its dominant use is for a coal or metalliferous mine

Statement of Rates Proposed to be Levied – Section 405(2) Local Government Act 1993

Rates are assessed by levies on the value of land. Land values are determined by the Valuer General. Increases in rates are in line with the rate peg determined by the Independent Pricing & Regulatory Tribunal (IPART).

Rating Structure

The NSW Government introduced rate pegging in 1977. Each year the NSW Government approves a maximum percentage increase in the total income a council can receive from rates, known as the rate peg.

In 2024–25, the rate peg has been determined by IPART at 5.3%.

Rate type	Category	Sub-category	Ad valorem amount cent in the \$	Base amount (\$)	Base amount as % of total rate	Rate yield (\$)
Ordinary	Residential		0.243271	430	31.34%	35,319,298
Ordinary	Residential	Rural	0.181764	430	18.81%	4,074,179
Ordinary	Farmland		0.143026	430	14.40%	2,513,599
Ordinary	Farmland	Mixed Use	0.379112	535	6.15%	217,485
Ordinary	Farmland	Business Rural	0.372754	535	8.47%	176,800
Ordinary	Business		1.122966	535	11.24%	7,501,368
Ordinary	Mining		4.503183	1,500	0.47%	1,606,671
TOTAL						\$51,409,400

Charges

Waste Charges

Weekly services for kerbside collection of mixed solid waste and alternate fortnightly collections for recyclable and garden organic waste are provided by Council to residential and non-residential properties in the Cessnock Local Government Area.

Where new services are commenced throughout the year, charges are calculated as a proportion of the annual charge.

Under **Section 496** of the Act, Council is required to levy a charge on all rateable land that is situated within the area in which a domestic waste management service is available, whether occupied land or vacant land.

The *Local Government Act 1993* **Section 504(1)** provides:

- A council must not apply income from an ordinary rate towards the cost of providing domestic waste management services
- Income to be applied by a council towards the cost of providing domestic

waste management services must be obtained from the making and levying a charge.

- Income obtained from charges for domestic waste management must be calculated so as to not exceed the reasonable cost to the Council of providing those services.

Sections 501 and 502 permits a council to make and levy an annual charge for the following services provided on an annual basis:

- Waste management services (other than domestic waste management)
- Any services prescribed by the Regulations

Domestic Waste Service Charge – Vacant

Under the provisions of **Section 496** of the *Local Government Act 1993*, vacant rateable land categorised for rating purposes as residential or farmland and situated within an area in which a domestic waste management service is able to be provided is to be charged a domestic waste management service charge - vacant.

Domestic Waste Service Charge

Under the provisions of **Section 496** of the *Local Government Act 1993*, rateable land categorised for rating purposes as residential or farmland and located within an area in which the service is provided is to be charged a domestic waste management service charge.

This service entitles the property to a single weekly collection of mixed waste, using an approved mobile container as provided by Council and a single fortnightly collection of recyclable material and garden organic material using approved mobile containers as provided by Council.

For 2024-25 each service includes the issue of four (4) waste and eight (8) resource recovery passes to be used at the Cessnock Waste and Reuse Centre. Each pass allows free disposal of 250 kilograms of domestic or general household waste. If the quantity exceeds 250 kilograms per disposal, additional issued passes may be used, or a fee will apply. Waste is to be transported in passenger vehicles, utilities or small trailers only.

Additional Domestic Waste Service Charge

Under the provisions of **Section 496** of the *Local Government Act 1993*, further to the domestic waste management service charge, an additional domestic waste management service charge applies to each additional weekly collection of mixed waste, using an approved mobile container as provided by Council.

Additional Domestic Waste Service Charge – Recycling & Garden Organics

Under the provisions of **Section 496** of the *Local Government Act 1993*, further to the domestic waste management service charge, an additional domestic waste management service charge – recycling/garden organics applies to each additional fortnightly collection of recyclable and garden organic material, using approved mobile containers as provided by Council.

Waste Management Service Charge

Under the provisions of **Section 501** of the *Local Government Act 1993*, a waste management service charge applies to each parcel of land not categorised for rating purposes as residential or farmland to which the service is provided.

This service entitles the property to a single weekly collection of mixed waste, using an approved mobile container as provided by Council and a single fortnightly collection of recyclable and garden organic material using approved mobile containers as provided by Council.

Additional Waste Management Service Charge

Under the provisions of **Section 501** of the *Local Government Act 1993*, further to the waste management charge, an additional waste management service charge applies to each additional weekly collection of mixed waste, using an approved mobile container as provided by Council.

Additional Waste Management Service Charge – Recycling & Garden Organics

Under the provisions of **Section 501** of the *Local Government Act 1993*, further to the waste management service charge, an additional waste management service charge – recycling/garden organics applies to each additional service of recyclable or garden organics material, using approved mobile containers as provided by Council.

Stormwater Charges

Under the provisions of **Section 496A** of the *Local Government Act 1993*, Council may make and levy an annual charge for the provision of stormwater management services for each parcel of rateable land for which the service is available. A stormwater service is a service to manage the quantity or quality, or both, of stormwater that flows off land, and includes a service to manage the re-use of stormwater for any purpose.

In line with the Stormwater Management Guidelines, Council proposes to levy a charge calculated at \$25.00 per 350 square meters (or part thereof) up to a maximum charge of \$500.00 on business properties located within the defined stormwater area. Residential properties within the defined stormwater area will continue to be charged at the fixed charge of \$25.00 per property in line with the Stormwater Management Guidelines. Residential strata properties will be charged a fixed charge of \$12.50 per property in line with the Stormwater Management Guidelines.

Hunter Catchment Contribution

Council includes on its rate notice a catchment contribution collected on behalf of Hunter Local Land Services.

Catchment contributions are collected under **Clause 40, Part 4** of the *Local Land Services Regulation 2014*, with the **Local Land Services** setting the rate in the dollar each year.

Contribution is to be applied for the financial year and shall be the rate gazetted by the Minister.

Statement of Charges Proposed to be Levied – Section 405(2) Local Government Act 1993

The proposed charges for 2024-25 are:

CHARGE	2024-25
Domestic Waste Management Service Charge – Vacant	\$84.00
Domestic Waste Management Service Charge	\$707.00
Additional Domestic Waste Management Service Charge	\$707.00
Additional Domestic Waste Management Service Charge – Recycling	\$93.00
Additional Domestic Waste Management Service Charge - Organics	\$93.00
Waste Management Service Charge (commercial)	\$862.00
Additional Waste Management Service Charge (commercial)	\$862.00
Additional Waste Management Service Charge (Commercial) – Recycling	\$93.00
Additional Waste Management Service Charge (Commercial) - Organics	\$93.00
Stormwater Management Service Charge – Residential	\$25.00
Stormwater Management Service Charge – Residential Strata	\$12.50
Stormwater Management Service Charge – Business	\$25.00 per 350m ² or part thereof up to a max. \$500

Statement of Proposed Borrowings

Council borrows funds each year to provide long-term assets and facilities that are unable to be funded out of recurrent revenues.

Council invites quotes for the provision of loan funds from lending institutions. All loans are secured by a mortgage deed taken over Council's general revenue and are normally taken over a ten-year period or for the economic life of the asset acquired, whichever is the shorter.

In 2024-25 Council proposed borrowings will \$4,750,000.

Goods and Services Tax (GST)

Council applies various fees, charges and fines. The GST status of these will depend on whether there is consideration for a supply.

Where previously some fees and charges have been exempt from GST in accordance with the Federal Treasurer's Determination under **Section 81-5** of the New Tax System (GST) Act 1999; from 1 July 2012 these fees and charges have been assessed under the principles based regime to determine if their GST exemption status remains.

Fees and charges subject to GST are identified by a "Yes" in the GST column of the 2024-25 Schedule of Fees and Charges.

A copy of Council's adopted Schedule of Fees and Charges is available for information at Council's Administration Centre or at Council's website: www.cessnock.nsw.gov.au.

Fees and Charges

Council provides a wide range of services to the community and has adopted a number of fees and charges. Each charge or fee is reviewed annually and determined on the basis of one or more of the following criteria:

Nil Cost Recovery There is no charge for these types of items. All costs

- A** associated with this item are met from either general revenues, grants, contributions or various combinations of same.

Minimal Cost Recovery The price for these is set to meet a small

- B** contribution towards the cost of the item. The majority of the cost of this item is met from either general revenues, grants, contributions or various combinations of same.

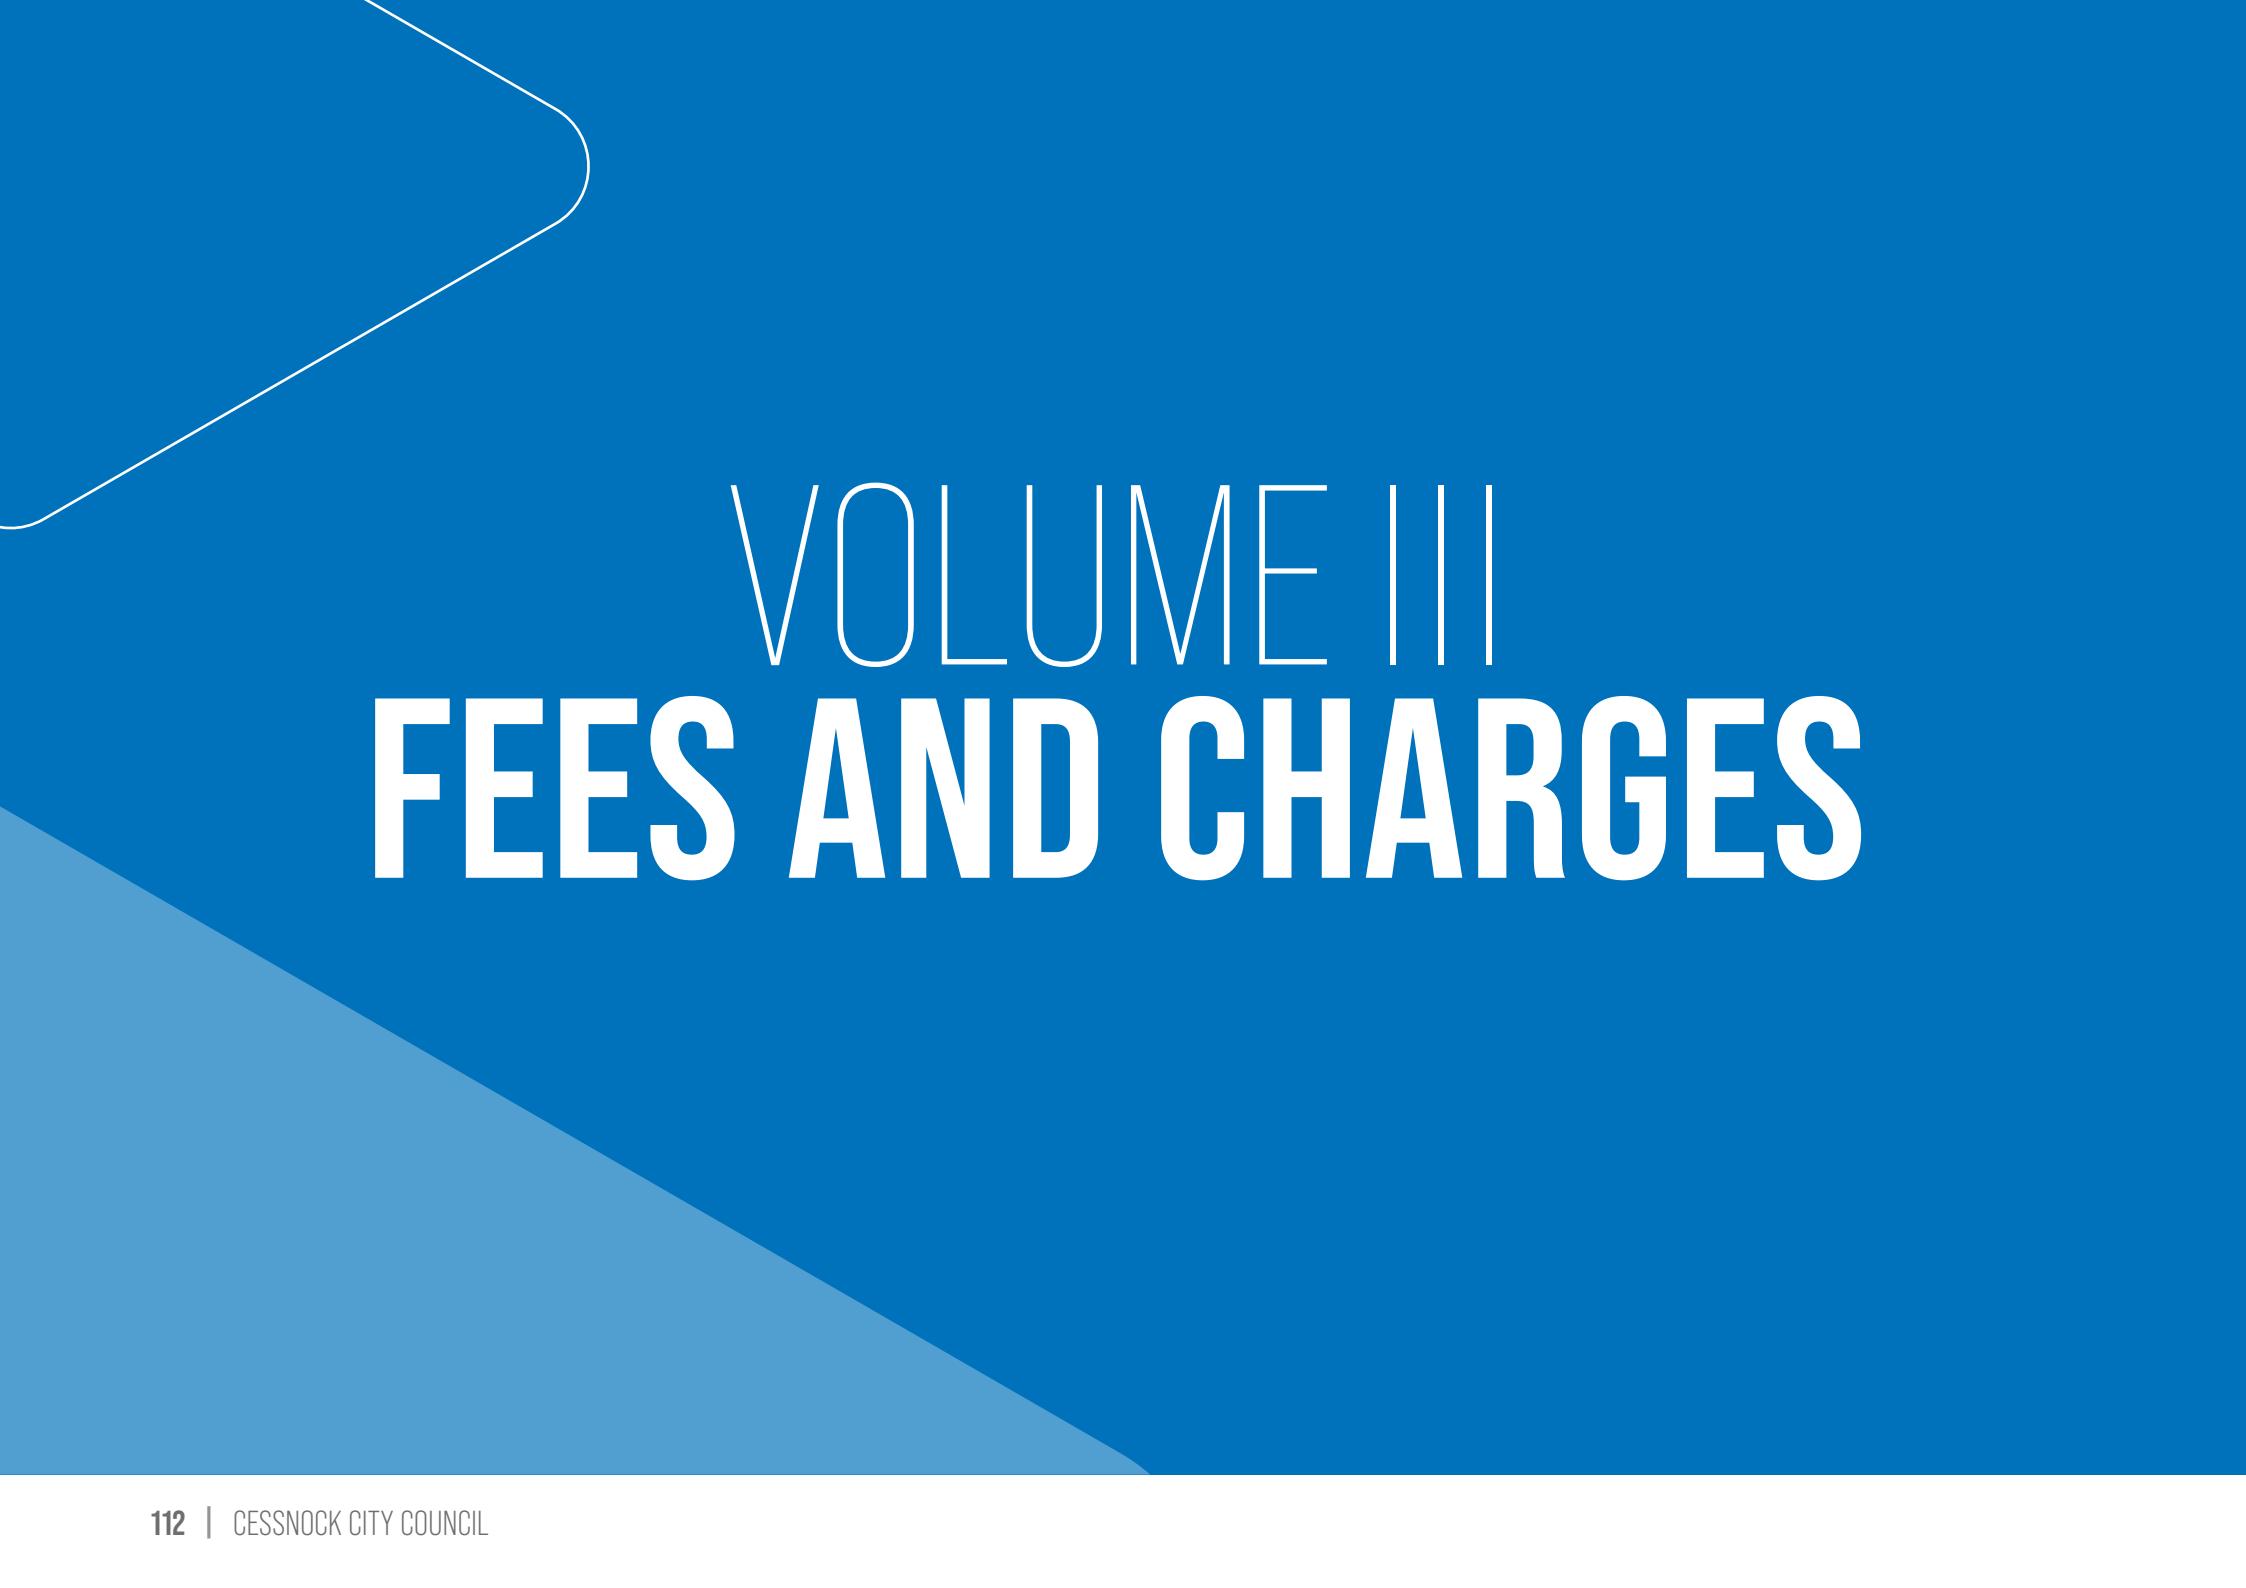

C Majority Cost Recovery The price for these items is set to make a substantial contribution towards the cost of the service.

D Full Operating Cost Recovery The price for these items have been set to cover the operating cost of providing the item.

E Full Cost and Partial Capital Cost Recovery The price of these items is set to recover annual operating costs and make a contribution to the cost of replacement of the infrastructure assets utilised in providing the item.

F Regulatory Fees The price charged for these items is a statutory charge set by legislation.

Market Competitive a) the service provided is in competition with that provided by another Council or agency (private or public) and a price is set which will attract adequate usage of the service; and/or b) the service is a profit making activity and the price paid by users should recover an amount greater than the full cost of providing that service.

VOLUME III

FEES AND CHARGES

Fees and charges

Separate document

In accordance with **Section 608** of the *Local Government Act 1993* and other relevant legislation, Council levies a range of fees and charges.

Council considers possible future income from fees and charges, including opportunities to reduce reliance on other forms of income.

In determining fees and charges, Council ensures all the costs of providing services have been considered. The planning process includes an assessment of the community's capacity to pay and any potential for that capacity to change. Income from fees and charges assists Council with providing services and facilities within the Local Government Area.

Fees and charges are intended to cover costs associated with:

- supply of a product, service or commodity
- giving of information
- providing a service in connection with the Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate
- allowing admission to any building or Enclosure

Council reviews all fees and charges, not subject to statutory control, on an annual basis, prior to finalisation of the annual operating budget.

Information in relation to Council's Fees and Charges is available online, click the image below.

APPENDIX WORKS PROJECTS

2024–25 Capital Works details

Asset Management Prioritisation

The Asset Management Prioritisation programs have been developed to bridge the gap between current/historic funding levels and the Community desired level of service. It targets assets or asset components that are falling under this service level, and bringing them back in-line with our communities' expectation.

Capital Works Stage Definitions

Capital works can take several years to progress from a concept to completed construction

In the Operational Plan, capital works projects are categorised in to three stages:

Investigate

Includes feasibility tasks such as site investigations, specialist studies, master planning, and concept design options for costing

Develop

Includes the design phase such as civil or structural engineering, landscape design, architectural design, electrical design, hydraulic design, environmental and project approvals/development of consent, and final costing

Deliver

Includes completing the tender process and specification documentation for projects that will be in the construction phase
